CHANCELLOR CALLS FOR COLLEGIAL CONSULTATION TASK FORCE TO DISCUSS ACCJC DISTRICT RECOMMENDATIONS

On April 6th at 10am, our ACCJC District Task Force will be having its first meeting in the ATTC at the District from 10:00am to noon.

The purpose of this meeting will be to analyze each of the District-level findings to:

1. distill what triggered the visiting teams' findings;
2. evaluate what needs to be done to address the findings;
3. identify resources, points of accountability, and timelines that will be necessary to address the findings;
4. list what evidence will satisfy the visiting team to show we have addressed each recommendation.

The end product of this process will be a tactical plan that we collectively feel will address the District-level recommendations and be posted on a District web-site so all constituency groups and concerned citizens can track our progress.

This is a shared governance committee with 22 individuals, including Donna Ferracone who represents the Board of Trustees. It is important to keep in mind that **the purpose and spirit of the accreditation process is to help us become better at serving our students and community.** We must ensure we are collectively on the same page and have consensus on what needs to be done and how it's going to get done.

We have communicated to the members that despite the strong emotions around these recommendations, for this task force to be successful, we need to put those emotions aside and focus on what "WE" need to do to right the ship, get full reaffirmation of our colleges' accreditation status, and continue our work towards serving our community.

I will keep you informed about this process.

MY VISION

As I continue to reflect on my vision for the San Bernardino Community College District, I feel, stronger than ever, the importance of maintaining my commitment to these ideals. We have been successful in many areas of this vision. In other areas, the progress toward the vision will take time, but I remain faithful in the desire to achieve these ideals.

We Will:

- Be considered the "best" community college in the State.
- Build a culture of trust with open and respectful communication.
- Increase all partnerships with business and industry, other academic institutions, non-profit agencies so that we can be stronger through combining resources and working together.
- Improve student success as measured by the State Chancellor's Office and any additional indicators that we determine are appropriate.
- Increase our resource development and bring new grants and fundraising dollars to the colleges.
- Continue to develop and implement new academic programs that Meet the needs of our community.
- Use technology to work smarter and to improve opportunities for student success.
- Provide service to students that reflects quality and excellence.
- Enhance our safety programs and be responsive to staff concerns about environmental health and safety.
- Hold professional development, including wellness, to be an integral part of our commitment to faculty and staff.
- Be good stewards of the environment and continue to develop and implement the SBCCD Sustainability Plan and alternative energy programs.

Please let me know how I can help you in the performance of your important work on behalf of our great District.

Sincerely,

Bruce Baron
Chancellor
