Chancellor's 2016 Vision and Call to Action:

Let's Accomplish Together

*Our blueprint for action and accomplishment as we move forward in 2016 must be built on the foundation of **A.C.T.I.O.N.** –*

Accountability to all members of the SBCCD community so that we faithfully carry out our roles and meet the commitments that we make to others.

Collegiality at all levels of the organization so that work is accomplished in the spirit of collegial consultation.

Transformation of the District and all of its entities so that we can continue on the path of continuous improvement and to become the best community college based on the indicators of success we measure.

Interaction with others so that we can build meaningful and consistent communications between individuals and groups.

Objectivity in our interactions so that we can better understand one another without preconceived notions and biases to derive collegial outcomes.

Necessity as the basis for efficiency and effectiveness as stewards of district resources, sustainability, and most importantly, service to our students and the community.

As I continue to reflect on my vision for the San Bernardino Community College District, I feel, stronger than ever, the importance of maintaining my commitment to these ideals. We have been successful in many areas of this vision. In other areas, the progress toward the vision will take time, but I remain faithful in the desire to achieve these ideals.

We Will:

- Be considered the "best" community college in the State.
- Build a culture of trust with open and respectful communication.
- Increase all partnerships with business and industry, other academic institutions, non-profit agencies so that we can be stronger through combining resources and working together.
- Improve student success as measured by the State Chancellor's Office and any additional indicators that we determine are appropriate.
- Increase our resource development and bring new grants and fundraising dollars to the colleges.
- Continue to develop and implement new academic programs that Meet the needs of our community.
- Use technology to work smarter and to improve opportunities for student success.
- Provide service to students that reflects quality and excellence.
- Enhance our safety programs and be responsive to staff concerns about environmental health and safety.
- Hold professional development, including wellness, to be an integral part of our commitment to faculty and staff.

Please let me know how I can help you in the performance of your important work on behalf of our great District.

Sincerely,

Bruce Baron
Chancellor
