

According to the [CCCCO](#), under the new regulations, students would lose eligibility for the BOG if they were on probation for not maintaining a 2.0 GPA for two consecutive primary terms or not successfully completing half the units attempted in that period. The requirement is based on [SB-1456](#). [Colleges](#) have defined the requirement as the following: students must maintain a cumulative GPA of 2.0 or higher **and** have a cumulative successful course completion rate of more than 50% of all coursework attempted. I defined the latter as students who completed 50% of their course work within the Fall 2015 semester.

The table below illustrates the number of unduplicated BOG recipients district wide for Fall 2015 (n = 13,276). In addition, the number and percent of BOG recipients who would have met (n = 11,367, 86%) and not met (n = 1,909, 14%) the new requirements are also shown below.

| | # | Total Students | % |
|---|--------|----------------|------|
| BOG Recipients | 13,276 | 18,948 | 70.1 |
| BOG Students who Meet new requirements | 11,367 | 13,276 | 85.6 |
| BOG Students who do not Meet new requirements | 1,909 | 13,276 | 14.4 |
