

Hello Everyone,

Campus Administration has decided to make some changes to the SBVC Campus email list.

Effective immediately only a few individuals will be able to send all campus emails. If you need to send an email to The Campus, you will need to submit it to one of the following offices for approval and distribution:

- President's Office
- Vice President's Offices
- Marketing

District Police and Technology Services will also have access to the email list for planned/unplanned outages and emergency notifications.

This will help stop the inadvertent forwarding of personal information, the reply to all emails, and also assure that emails going to the list are business related.
