

FREE Community Emergency Response Training (CERT)

SBCCD is in the process of scheduling a FREE Community Emergency Response Team (CERT) training for all **management and classified employees.**

The training will be facilitated over (2) weeks (4 days, 5-hours per-day) towards the end of July and/or early August.

If you are interested in attending this free training, reply to cgrant@sbccd.edu and indicate your interest in C.E.R.T. training.

Training Overview

The purpose of the Community Emergency Response Team (CERT) Basic Training is to provide the individuals who complete this training with the basic skills that they will need to respond to their community's or neighborhood's immediate needs in the aftermath of a disaster, when emergency services are not immediately available.
