

Erika Almaraz is joining the District from the California State University Chancellor's Office, Office of Audit and Advisory Services where she conducted internal audits at various CSU campuses. Prior to that, Erika was an external auditor at PricewaterhouseCoopers LLP where she performed financial statement audits for publicly traded companies.

Erika earned a bachelor's degree in Economics-Accounting from Claremont McKenna College. She is a licensed CPA and a Certified Internal Auditor.

At the District, Erika's priorities include identifying and evaluating areas of risk and working with management to develop appropriate risk responses. Her focus is currently on reviewing accounting controls at the District Office, coordinating the District's year-end audit, and reviewing compliance with new federal requirements under 2 CFR Part 200. Erika is glad to be joining the District and looks forward to working with the Campuses more closely in the near future.
