Found Property

The Police Department is the centralized location for all found property. Please turn in any found items so they can be returned to the rightful owner. You can also call to have found items picked up. If you have lost something feel free to stop by the police department and check if your lost item has been turned in.

As we prepare for the “Great Shake Out” on October 20th please review the following information

EMERGENCY EVACUATION PROCEDURES

Faculty will be called upon to be leaders in any evacuation scenario. Faculty members will be used not only in operational leadership roles, but their technical expertise will be invaluable in roles where that expertise is needed. Each instructor should be responsible for the direct supervision of their class and will do the following:

Direct the evacuation of staff and/or students to designated Evacuation Sites (See attached Evacuation Site Maps)

Immediately shut down all equipment in use

Take personal items with you

Shut all doors behind you as you leave

Proceed as quickly as possible, in an orderly manner, to the nearest evacuation site Accompany and assist handicapped personnel, staff and/or students, and visitors who appear to be in need of direction or assistance

Once outside, move away from the structures and go to the designated Evacuation Site. Keep roadways free for emergency vehicles

Seek medical attention for injured staff and/or students

EVACUATION OF PERSONS WITH DISABILITIES

Help individuals with disabilities evacuate by quickly assigning a “buddy” to lead them to the closest safe evacuation area

If an elevator is not available, or if it is unsafe to use them, direct wheelchair users to the top of the nearest staircase or the nearest designated area of rescue assistance

Immediately notify a supervisor, Building Captain, or Emergency Personnel of the individual’s whereabouts

The above excerpt can be found in the newly published Annual Security Report along with further information.
