New 2016 Laws

With the New Year, the California Department of Motor Vehicles (DMV) wants to inform the public of several new laws or changes to existing laws that, unless otherwise noted, take effect on January 1, 2016.

Earbuds or Headsets, This law, among other things, makes it unlawful to wear a headset covering, earplugs in, or earphones covering, resting on, or inserted in, both ears, while operating a motor vehicle or a bicycle. This prohibition does not apply to persons operating authorized emergency vehicles, construction equipment and refuse or waste equipment while wearing a headset or safety earplugs.

Electrically Motorized Skateboards, This law defines “electrically motorized board,” and restricts their operation on public facilities, requires boards to be equipped with safety equipment, and authorizes cities and counties to regulate their use. It also makes it a crime to operate an electrically motorized board while under the influence of drugs or alcohol. In addition, the law limits the board’s operation to individuals 16 years or older, requires operators to wear a bicycle helmet, wear safety equipment to increase visibility at night, and limits their operation to roads with a speed limit of 35 miles per hour or less. A conviction for violating this law is punishable by a fine of up to \$250.

Electric Bicycles, This law adds an entirely new definition of an electric bicycle to the California Vehicle Code. An electric bicycle is defined as a bicycle with fully operable pedals and an electric motor of less than 750 watts. The law creates three classes of electric bicycles. Manufacturers will also need to certify the electric bicycles comply with specified requirements. Electric bicycle riders will be able to use roads similar to other bicycle riders, while providing a measure of local control if safety concerns arise on specific paths or public trails.

California Residency Requirement, This law will require an applicant for an original driver license or identification card to provide proof of California state residency, starting July 1, 2016 and it will bring DMV into compliance with a federal law requirement. The DMV will need to adopt regulations relating to the procedures for verifying that the applicant is a California resident.

California New Motor Voter Program, creates an automatic voter registration process for qualified individuals who apply for a driver license or identification card, or submit a change of address to the DMV. The law will require that DMV implement the New Motor Voter Act no later than one year after the Secretary of State certifies all of the following: the state has a statewide voter registration database that complies with the requirements of the federal Help America Vote Act of 2002 (52 U.S.C. Section 20901 et seq.), the Legislature, has appropriated the funds necessary for the Secretary of State and DMV to implement and maintain the program, and the Secretary of State has adopted regulations to implement the law.

For a complete list of new laws, visit www.dmv.ca.gov

MISSION STATEMENT

The SBCCD Police Department, in concert with the Board of Trustees, is committed to providing a safe and secure learning and working environment for all students and employees. This will be accomplished through a cooperative and coordinated effort involving all departments and the SBCCD employees, law enforcement agencies and community.
