MISSON STATEMENT

The SBCCD Police Department, in concert with the Board of Trustees, is committed to providing a safe and secure learning and working environment for all students and employees. This will be accomplished through a cooperative and coordinated effort involving all departments and the SBCCD employees, law enforcement agencies and community.

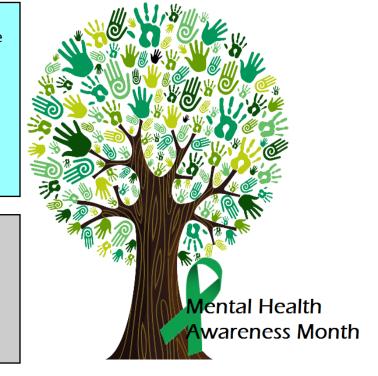

Since 1949, Mental Health America and our affiliates across the country have led the observance of May is Mental Health Month by reaching millions of people through the media, local events and screenings. We welcome other organizations to join us in spreading the word that mental health is something everyone should care about by using the May is Mental Health Month toolkit materials and conducting awareness activities.

This year for May is Mental Health Month, MHA is talking about Risky Business. We believe it's important to educate people about habits and behaviors that increase the risk of developing or exacerbating mental illnesses, or could be signs of mental health problems themselves. These include risk factors such as risky sex, prescription drug misuse, internet addiction, excessive spending, marijuana use, and troublesome exercise patterns. We hope the tools and resources that we've put together help individuals and communities to raise awareness of the risks that these types of behaviors present—especially to young people—and help people who may be struggling to detect early warning signs and seek help early, before Stage 4.

Mental health is a critical part of overall health. If you're feeling distressed, there is hope. If you are in crisis, please seek help immediately. Call 1-800-273-TALK (8255) to reach a 24-hour crisis center, text MHA to 741741, call 911, or go to the nearest emergency room.
