### IN CASE OF EMERGENCY DIAL 911

SBCCD Police is available  
24 hours / 7 days a week at  
(909) 384-4491

For daily incidents reports and other crime information, go to the Police Web site:  
[www.sbccd.edu/district-services/police-department/](http://www.sbccd.edu/district-services/police-department/)

### MISSION STATEMENT

The SBCCD Police Dept. in concert with the Board of Trustees, is committed to providing a safe and secure learning and working environment for all students and employees. This will be accomplished through a cooperative and coordinated effort involving all departments and the SBCCD employees, law enforcement agencies and the community.

Prevent insect bites - prevent disease

Repellents will keep mosquitoes and ticks from biting you. This will reduce your chance of getting a disease like West Nile virus, Zika virus, or Lyme disease.

Insect repellents registered by the Environmental Protection Agency (EPA) are **safe** and **effective** to use, even for pregnant and breastfeeding women, when used as directed by the label instructions.

The California Department of Public Health recommends using EPA-registered insect repellents that contain one of the following active ingredients:

- > DEET
- > Picaridin
- > IR3535
- > Oil of Lemon Eucalyptus (OLE)
- > Para-menthane-diol (PMD)

Look for one of these ingredients on the front or back of repellent containers. Products with a higher percentage of an active ingredient will work longer to protect you.

### Do:

- Read and follow label directions before applying repellent
- Use only enough repellent to cover your clothes and exposed skin
- Apply sunscreen **first** if you are going outdoors, then apply repellent
- Apply repellent for children—spray on your own hands first and then put it on the child
- Wash your clothes and bathe after using insect repellent and returning indoors

### Don't:

- Spray or apply repellent near your eyes, nose, mouth, ears, or on open cuts
- Spray insect repellent under clothing
- Use insect repellent on babies younger than 2 months
- Use OLE or PMD on children under the age of 3 years

### LEARN MORE AT:
