## More Halloween Safety Tips

### Halloween Costumes

- Choose a costume and costume accessories such as wigs, beards or fake body parts, that are made of material that is fire proof or fire resistant.

Costumes should be brightly colored so they are easily seen. If a dark colored costume is worn, add reflective tape to the costume and/or the trick or treat bag to make your child more visible.

A child out at night should carry a flashlight or a glow stick to add to their visibility.

- Costumes should be short enough to prevent the child from tripping or becoming tangled in things on the ground.
- If a mask is worn, the eye holes should not limit or block the child's vision in any way and it should allow good peripheral vision. Using non-toxic makeup if a better choice.
- Make sure your child has emergency contact information secured to their clothing or on the back of a necklace or bracelet. The information should include:
  - Name
  - Address
  - Phone number
