## **How to Safely Use an ATM Machine**

- 1 Use caution when approaching an ATM machine at night, especially if the area is poorly lit or hidden behind trees or buildings. Take someone with you if possible, or choose another machine in a safer area.
- 2 Have your card ready before approaching the machine. Don't take time fumbling around in your purse or wallet.
- 3 Make sure no one can see you punch in your PIN number. Shield the keypad with your body.
- 4 Don't count your cash while standing at the ATM. Immediately put it in your pocket or fold it in your hand and walk away.
- 5 At drive-up ATM machines, keep all your doors locked and passenger windows rolled up.
- 6 Always take the receipts with you. Compare your ATM receipts to your monthly bank statement. If you find discrepancies, call the bank.
- 7 If you lose your ATM card, contact the financial institution that issued your card immediately.

## IMPORTANT

## INFORMATION

**In the event of an emergency call 911**
