Smoking Enforcement

Starting January 2013, The District Police Department will start issuing citations for those who smoke outside the designated areas. This is in accordance with California Government Code 7597.1(A) and Board Policy 3570. The civil penalty (fine) is \$50.00

Each year college students experience hundreds of fire related emergencies nationwide. There are several specific causes for fires on college campuses, including cooking, intentionally set fires, overloaded power strips and open flame. Overall, most college related fires are due to a general lack of knowledge about fire safety and prevention. For most students, the last fire safety training they received was in grade school, but with new independence comes new responsibilities. It is important that students understand fire risks and know the preventative measures that could save their lives.

Smoking

- Make sure cigarettes and ashes are out. Never toss hot cigarette butts or ashes in the trash can.
- Smoke in the designated locations on campus.

Escape Planning

- Get low and go under the smoke to escape to your safe exit.
- Feel the door. If it's hot, use your second way out.
- Use the stairs; never use an elevator during a fire.
- Practice your escape plan. Always have two ways out.

Safety Precautions for Colleges

- Inspect exit doors and windows and make sure they are working properly.
- Practice escape routes and evacuation plans. Urge students to take each alarm seriously.
- Make sure electrical outlets and power strips are not overloaded and extension cords are used properly.
- Learn to properly use and maintain heating and cooking appliances.
- Use care when disposing of smoking materials.
- Know the location of fire extinguishers in your area.
