Safety tips when carrying purses, backpacks, & wallets

The San Bernardino Community College District Police Department would like everyone to use caution at all times. So while you are on and off campus please remember the below tips:

Be cautious of what you are carrying and how you are carrying it. Think about if your backpack was stolen right now. Despite losing several hundred dollars in books, what else could you potentially be losing? How about your class schedule? This could potentially give someone your whereabouts each and every day. How about your address and/or phone number? Neither of these items are what you want a potential perpetrator to have in hand. Most college students would say that it is unavoidable to have some of this information in their backpack or purse – and that very well may be true – but what you do with the purse or backpack is something altogether different. Do you leave your backpack unattended? When you are in the mall or somewhere else, do you hold your purse securely or are you making it an easy target for a mugger? Are you carrying your wallet in your backpack, the easiest of all places for someone to lift your wallet without you even knowing about it? Just remember to be aware of these things and do your best to prevent any unnecessary risk where this is concerned. Should you be a victim of theft on our campus, please contact the San Bernardino Community College District Police Department at 909/384-4491 as soon as you are aware of the theft.

MISSION STATEMENT

The SBCCD Police Department, in concert with the Board of Trustees, is committed to providing a safe and secure learning and working environment for all students and employees. This will be accomplished through a cooperative and coordinated effort involving all departments and the SBCCD employees, law enforcement agencies and community.
