Taking Back Control of Your Life "Stalking"

As a victim of stalking, you certainly realize that it is not only your life that is being impacted, but your family, friends, and/or co-workers as well.

WHAT IS STALKING?

According to California Penal Code Section 646.9, a stalker is **“Any person who willfully, maliciously, and repeatedly harasses another person and who makes a credible threat with the intent to place that person in reasonable fear for his or her safety, or the safety of his or her immediate family.”**

WHO CAN BECOME THE TARGET OF A STALKER?

Anyone. Targets, as well as stalkers, traverse all economic, ethnic, and religious boundaries. The stalker's actions rarely affect only the target. Family, friends, and co-workers are also impacted. A victim can be stalked from several days to many years.

Few victims are picked at random by their stalker, typically, stalking victims know their stalker, usually having had some type of past or present relationship. These are often referred to as Domestic Violence Stalkers. Although we often hear of celebrities who are being stalked, they constitute less than 15% of reported stalking victims, and involves a different type of stalker than most. Domestic Violence Stalkers are far and above the most dangerous and lethal type of stalker.

What Should a Stalked Victim Do?

- Report the stalking to the police in your area
- Get a restraining order. Keep a copy with you at all times.
- Do your best to safely avoid all contact with the stalker.
- Inform family, friends, and co-workers of what is going on in regard to the stalking.
- Keep an accurate journal or log of all incidents connected to the stalking.
- Keep all letters, packages, taped telephone messages, etc...received from the stalker.
