Smart & Safe Spring Break

Make this year's spring break memorable by having fun and helping yourself, your friends, and others stay safe and healthy.

Limit alcohol: If drinking alcohol is part of your break, remember that it can impair your judgment and actions. Alcohol-related motor vehicle crashes kill someone every 31 minutes and injure someone every two minutes. Don't drink and drive. There are plenty of non-alcoholic alternatives.

Be active: You've probably been sitting most of the year working at the computer, studying, or in class. During the break, take the opportunity to start a fitness program. Do a variety of fun activities like walking, dancing, playing volleyball, swimming, and more. It doesn't need to be hard to be beneficial. Avoid injury by starting any new activity slowly. Be active for at least 2½ hours a week. Include activities that raise your breathing, heart rate, and that strengthen your muscles.

Protect yourself from the sun: After a cold winter, it's tempting to stay in the hot sun all day. Although getting a little sun can have some benefits, excessive and unprotected sun exposure can result in premature aging, changes in skin texture, and skin cancer. Always wear sunscreen with at least SPF 15. For eye protection, wear wraparound sunglasses that provide 100 percent UV ray protection.

Eat healthy: Having fun takes energy and fuel. Be sure to eat a variety of foods, including plenty of vegetables, fruits, and whole grain products. Also include low-fat dairy products, lean meats, poultry, fish, and legumes. Drink lots of water and go easy on the salt, sugar, alcohol, and saturated fat. Good nutrition should be part of an overall healthy lifestyle, including regular physical activity, not smoking, and stress management.

Be safe and enjoy the break...

Emergency Preparedness

This Week: MAKE A PLAN: When a disaster hits you may not be with your family. Therefore, it is very important to have the following type of plan in place: How you will get to a safe place; What to do in different situations; How you will contact each other; and How you will reunite. Make a Family Communication Plan. You can download and fill out this one: [Family Communication Plan for Parents and Kids](#) (PDF). As you make your plans, consider planning for your specific family needs: infants and young children; seniors; care of pets, and aiding family members with access and functional needs. In addition, have a plan for traveling between work and home, and other commonly visited locations. Download the [Commuter Emergency Plan](#) (PDF). Lastly, learn about safely shutting off utilities. For more information on being prepared, check out: www.Ready.gov

MISSION STATEMENT

The SBCCD Police Department, in concert with the Board of Trustees, is committed to providing a safe and secure learning and working environment for all students and employees. This will be accomplished through a cooperative and coordinated effort involving all departments and the SBCCD employees, law enforcement agencies and community.
