The month of April has been designated **Sexual Assault Awareness Month (SAAM)**. The goal of SAAM is to raise public awareness about sexual violence and to educate communities and individuals on how to prevent sexual violence. By working together and pulling our resources during the month of April, we can highlight sexual violence as a major public health, human rights and social justice issue and reinforce the needs to prevent efforts. Below are some helpful prevention tips.

### Risk Reduction or Prevention

- Trust your gut.
- Take a self defense class.
- Use the buddy system at parties and have a plan to watch out for each other.
- Make sure someone knows where you are at all times.
- Be watchful of alcohol consumption and its effects on your own behavior and the behaviors of others.
- Make it a practice to avoid walking in poorly lit areas whether on a city street, college campus, public library, parking lot or shopping center.
- When walking to your car especially at night, have your keys ready.
- Listen to your emotions and feelings. If you feel threatened or uncomfortable in any situation, leave immediately and seek safety.

The impact of Project Clothesline has been widespread, thus realizing our goal to expand the Project across this nation and beyond. As of 2001, there are "Clotheslines" in over 500 communities and several foreign countries.

Come join the movement! Create a shirt at the tables on campus on the below dates & times:
