### **IN CASE OF AN EMERGENCY**

**DIAL 911**

ATMs are great convenience, but they can compromise your safety. A robber looking for easy prey only has to stake out an ATM in a low-traffic, dimly lit area and bide his time.

The Electronic Funds Transfer Association have provided some great tips for making sure your visit to the ATM is uneventful.

- \* Always pay close attention to the ATM and your surroundings. Don't select an ATM at the corner of a building; corners create a blind spot. Use an ATM located near the center of a building. Do your automated banking in a public, well-lighted location that is free of shrubbery and decorative partitions or dividers.
- \* Maintain an awareness of your surroundings throughout the entire transaction. Be wary of people trying to help you with ATM transactions. Be aware of anyone sitting in a parked car nearby. When leaving an ATM make sure you are not being followed. If you are, drive immediately to a police or fire station, or to a crowded, well-lighted location or business.
- \* Do not use an ATM that appears unusual or offers options with which you are not familiar or comfortable.
- \* Do not allow people to look over your shoulder as you enter your PIN. Memorize your PIN; never write it on the back of your card. Do not re-enter your PIN if the ATM eats your card.
- \* Do not wear expensive jewelry or take other valuables to the ATM. This is an added incentive to a would be assailant.
- \* Never count cash at the machine or in public. Wait until you are in your car or another secure place.
- \* When using a drive-up ATM, keep your engine running, your doors locked and leave enough room to maneuver between your car and the one ahead of you in the drive-up line.
- \* If you are involved in a confrontation with an assailant who demands your money, COMPLY.

### **EMERGENCY PREPAREDNESS**

#### **THIS WEEK: THE 12 WEEK PLAN: WEEK 3:**

Last week you should have gathered nonperishable foods. This week you need to get some flashlights for your kit. It is advisable for each family member to have his/her own flashlight. Also, have a battery powered or hand crank radio to listen to emergency broadcasts. Some radios have solar power and you can plug your cell phone in to recharge it. Remember to always pack extra batteries for each flashlight and battery powered radio as well. In addition, consider whistles for your kit in case you need to use them to whistle for help. For more info: [www.ready.gov](http://www.ready.gov)

### **MISSION STATEMENT**

The SBCCD Police Department, in concert with the Board of Trustees, is committed to providing a safe and secure learning and working environment for all students and employees. This will be accomplished through a cooperative and coordinated effort involving all departments and the SBCCD employees, law enforcement agencies and community.

For daily incidents reports and other crime information go the Police Web site: <http://sbccd.org/police>
