### **IN CASE OF AN EMERGENCY**

**DIAL 911**

In 2005, a group of students from the University of Wisconsin-Green Bay, approached the Clery Center for Security on campus with a bold request: establish September as the official month dedicated to enhancing dialogue around campus safety issues. One year later, National Campus Safety Awareness Month (NCSAM) was created through a unanimous vote in Congress. Since that year, the Clery Center has partnered with colleges and university campuses across the country each September to help achieve the spirit of NCSAM: raising awareness about campus safety issues. NCSAM helps set the stage for critical conversations between key groups on campus: students, faculty, and professional staff from campus police, public safety/security, health and wellness, student affairs, student life, and local organizations dedicated to violence prevention.

### Valley College Presentations

#### Library Viewing Room

12:30-1:30p

**Sept 16: Emergency Safety and Preparedness**

**Sept 18: Active Shooter Safety**

**Sept 23: Dealing with Irate People**

### Crafton Hills College Presentations

CL 218

12:00-1:00p

**Sept 17: Emergency Safety and Preparedness**

**Sept 24: Dealing with Irate People**

### District Office and ATTC Presentations

Board Room 2:00-3:00p

**Sept 17: Active Shooter Safety**

**Sept 24: Safety Awareness and Prevention**

### **Emergency Preparedness**

**This Week:** Seven Steps to Earthquake Safety: STEP 5: Drop, Cover, and Hold On when the earth shakes. Taking the proper actions, such as "Drop, Cover, and Hold On", can save lives and reduce the risk of injury. Everyone, everywhere, should learn and practice what to do during an earthquake, whether you're at home, work, school or traveling. INDOORS: 1. DROP down onto your hands and knees (before the earthquake knocks you down). This position protects you from falling but allows you to still move if necessary 2. COVER your head and neck (and your entire body if possible) under a sturdy table or desk. If there is no shelter nearby, only then should you get down near an interior wall (or next to low-lying furniture that won't fall on you), and cover your head and neck with your arms and hands. 3. HOLD ON to your shelter (or to your head and neck) until the shaking stops. Be prepared to move with your shelter if the shaking shifts it around. OUTDOORS: Move to a clear area if you can safely do so; avoid power lines, trees, signs, buildings, vehicles, and other hazards. DRIVING: Pull over to the side of the road, stop, and set the parking brake. Avoid overpasses, bridges, power lines, signs and other hazards. Stay inside the vehicle until the shaking is over. If a power line falls on the car, stay inside until a trained person removes the wire.

### **MISSION STATEMENT**

The SBCCD Police Department, in concert with the Board of Trustees, is committed to providing a safe and secure learning and working environment for all students and employees. This will be accomplished through a cooperative and coordinated effort involving all departments and the SBCCD employees, law enforcement agencies and community.

For daily incidents reports and other crime information go the Police Web site: [www.sbccd.org/police](http://www.sbccd.org/police)
