

FACILITIES NEEDS ASSESSMENT APPLICATION

Facilities: Programs should list no more than three facility or renovation items. Identify the area in need of physical renovation, maintenance and/or repair. Requests for additional space should also be listed here. *Requests listed in this category will be forwarded to the Facilities Committee to evaluate through their own processes.* Provide a thorough rationale, **using data to support your request**, in order to help the Facilities Committee with their evaluation. List the approximate cost of your request.

Name of Person Submitting Request:	Kevin Emerson
Program or Service Area:	Physical Education/Health/Athletics
Division:	Social Sciences, Human Development & Physical Education
Date of Last Program Efficacy:	4/27/12
What rating was given?	Continuation
Strategic Initiatives Addressed:	Access, Student Success, Institutional Effectiveness, Planning, Campus Climate

Replacement Growth

1. Renovation Request

Replace Artificial Turf: To remove and replace current field turf with new artificial turf.
Rationale: The current turf is worn out and is starting to fall apart. Designed to last between 8-10 years with moderate use, our current field turf is 12+yrs old and is used daily. A number of physical activity courses, as well as all of our sport programs use the field. In addition, numerous community leagues, and teams use the field on a regular basis. Some of the problems we are currently experiencing: Seams are coming apart and the grass blades are shredding which causes bare spots that creates a health and safety hazard. If we do not replace the field turf, injuries to students, athletes and community members will increase. It is time to replace the turf to in order to provide a safe venue for use by our students, student-athletes and community members.

Approximate Cost: \$400,000-\$600,000
