

**Career Education Program Two-Year Review
Program Efficacy Report
Spring 2015**

Name of Department: Inspection Technology

Efficacy Team: S. Moore and R. Pires

Overall Recommendation (include rationale): Continuation

Program needs to secure required signatures for the two year report.

The program reports no changes in its purpose and continues to offer certificate and A.S. degree in Inspection Technology. Program reports a demand for jobs in the building inspection field and it maintains partnership with city of San Bernardino as well as its advisory committee.

1. Purpose of this Program – Meets

Efficacy Team Analysis and Feedback: Program includes training in the California Code of Regulations Title 24 of the State building code and prepares students to work in the field of building inspection.

2. Demand for this Program - Meets

Efficacy Team Analysis and Feedback: Jobs within the field are in demand and program continually seeks advisory input.

3. Quality of this Program - Meets

Efficacy Team Analysis and Feedback: Program offers one certificate and one A.S. Degree in Inspection Technology. The program has a partnership with SB City Department to ensure that students meet minimum qualifications.

4. External Issues – Does Not Meet

Efficacy Team Analysis and Feedback: There do not appear to be any external issues affecting the program.

5. Cost of this Program - Meets

Efficacy Team Analysis and Feedback: There does not appear to be anything out of the ordinary in regards to the cost of the program. Program does not currently receive any grants or Perkins funding.

6. Two-Year Plan – Does Not Meet

Efficacy Team Analysis and Feedback: Program indicates need for additional faculty.
