The Honors Program is designed for ambitious, hard-working, and intellectually curious students who want to challenge themselves, get the most out of their education and earn an advantage in transferring to a 4-year institution. Honors courses offer enhanced critical thinking and greater depth and breadth coverage of subject material. Most courses are fully transferable to UC, CSU and many other 4-year schools, and most satisfy general education requirements (courses you'd need to take anyway to graduate).

Because completing the Honors Program confers a significant advantage in transferring (especially to UCLA, but also to other UCs, CSUs and many private 4-year institutions), any student seriously working toward transfer should consider joining the Honors Program.

Program Features:

- Experienced, highly qualified professors
- Enhanced course experience: opportunities to explore content area at greater depth and breadth
- Opportunity to present research at Honors Transfer Council of California Student Research Conference at UC Irvine
- Field trips to UCLA and other enhancement opportunities
- Increased academic guidance from Honors Counselor
- Interesting and ambitious Honors classmates

Benefits of Graduating from Program:

- Priority or preferred admission to UC, CSU and private 4-year institutions (see transfer agreements)
- Enhanced opportunities for scholarships
- Notation on transcript of successful completion of Honors Program
- Honors Program gold seal on diploma
