

## DISTRIBUTED EDUCATION

(Online/Hybrid/Telecourse Sections)

### General Information

The Office of Distributed Education coordinates the televised and computer-delivered courses available to the students of Crafton Hills College in Yucaipa and San Bernardino Valley College in San Bernardino. Telecourse sections are broadcast by KVCR-TV, channel 24, and generally have five meetings on campus. KVCR is also available on cable and satellite systems, possibly on a different channel as selected by the independent provider. Online and hybrid courses require accessibility to a computer system with an Internet connection, and may have meetings on campus. Fees and academic credits are the same as equivalent traditional classroom courses.

### Office Location

SBCCD Annex  
441 West Eighth Street  
San Bernardino, CA 92401  
(909) 384-4325

### D. E. Website

<http://learnonline.sbccd.cc.ca.us/disted>

### Requirements for Online Courses

- A computer system with Internet connection.
- IBM compatible OS: Windows 95 (minimum).
- Apple Macintosh OS: 7.1 (minimum).
- Some courses require a CD-ROM drive, sound card, and speakers or headphones with microphone.

### Technical Support

Help Desk, (909) 384-4318  
10 a.m. to 7 p.m. Monday through Thursday

### How to Succeed In a Telecourse or an Online Course

Successful students claim that determination, planning, and self-motivation are needed to complete a course that lacks the regular meetings of an on-campus structure. Here is a plan of action that might help you.

1. For a telecourse, attend the first on-campus meeting to meet the instructor, understand the course goals and requirements, and receive the course syllabus and assignments. For an online or hybrid course, access the instructor's web site to get a copy of the syllabus and learn what is expected of you as a student.
2. Read the study materials related to assignments as presented by the instructor. Take notes and highlight important information.
3. For a telecourse, watch the programs weekly. If you have a VCR, record the programs to review them or make an appointment at the college Learning

Center to view the programs. For an online or hybrid course, log in to your online server several times a week to keep up with new messages from the instructor and classmates.

4. For a telecourse, complete the assignments in the telecourse study guide and textbook after each program viewing. For online and hybrid courses, be aware of due dates and don't wait until the last hour to send them.
5. Formulate a list of questions during your study time to present to the instructor at the telecourse on-campus meetings or to post to your online class or call the instructor during his or her scheduled office hour.
6. Form a support group with other members of the class to review and discuss the content of the course.

### Are you a Candidate for a Telecourse, Online or Hybrid Class?

This assessment is provided to help you decide if TV, Online or Hybrid learning is appropriate for you. This exercise is an indicator but not a definitive answer. The assessment covers two parts: Learning Style and Technical Aspects.

### Learning Style

- Do you stay on task without direct supervision?
- Can you prioritize your own workload and adhere to timelines?
- Do you usually understand and properly interpret written materials especially instructions?
- Could you allocate as much time in your schedule as you would for a "traditional" class but with more flexibility?
- Are you able to attend some class meetings on campus (less than 6 a semester)?
- Would you enjoy the new experience of learning by way of television or a computer?

If you answered "YES" to the Learning Style questions, continue to the next section.

### Technical Aspects for TV

- Do you have a television receiver available to you that can display broadcast channels?
- Can this television receive KVCR-24, either with an antenna or a cable system?
- Do you have a video recorder as an option to record the programs for viewing according to your schedule?
- If you miss a program, could you go to the campus Learning Center to view the program?
- Would you be willing to lease the programs for a course on VHS tape as an option?

# SAN BERNARDINO VALLEY COLLEGE

Ref Sec Days Time Type/Units Rm Instructor

# FALL 2006 CLASS SCHEDULE

Ref Sec Days Time Type/Units Rm Instructor

If you answered "YES" to the TV questions, you meet the conditions for telecourse delivery.

### Technical Aspects for ONLINE and HYBRID

- Do you have a computer system available to you that can access the Internet?
- Could you "go online" on a weekly basis, sometimes twice a week or more?
- Have you opened and sent e-mail messages?
- Have you installed a program after "downloading" it from a remote computer to your computer?
- Do you know how to "copy and paste" text from a word processing document to an email message?

If you answered "YES" to the ONLINE questions, you meet the conditions for online delivery.

### Conditions

The TV and Online courses require structure, which you will create for yourself. You will need self-discipline to adhere to your self-made schedule. Much of the material covered in a Distributed Education course will require that you learn from reading textbooks, Internet-based articles, and written materials from the instructor. For some of the courses online, lectures are recorded by the instructor, which means you must use either a cassette player or a CD-Rom drive with headphones or speakers.

### Benefits

The beauty of Distributed Education learning is the flexibility of time available for you, as the student, to

access the virtual classroom or to view TV programs. You can set your class time around your work schedule and family or social activities. You will soon realize the savings normally incurred with driving time and vehicle-related costs. If you take only D.E. courses you won't have to deal with parking constraints on a weekly basis. Plus, there may also be a reduction in childcare costs. You could also benefit by combining D.E. courses with traditional classes. Now it's your choice. Check with an Academic Counselor to determine which classes you need, then see if they are listed in this schedule. Distributed Education may not be for everybody. However, for those who are self-motivated, it could prove to be an invaluable experience.

## FALL ONLINE/HYBRID SECTIONS

### Hybrid Courses

Hybrid courses deliver a portion of the instruction online and a portion of the instruction in regularly scheduled on-campus meetings.

### Online Courses

Online courses deliver the content of the instruction in an online environment. In some cases, there will be required on-campus meetings to conduct an orientation to the class and/or to take examinations.

## Online College SBVC's Virtual Campus

### *Are Online Classes right for me?*

Online classes require discipline and self-motivation. If you have these qualities, online classes might work for you. Please visit this website for some self-assessment tools to determine whether online classes fit your learning style and your lifestyle:

[ <http://online.valleycollege.edu> ] [http://www.cvc4.org/student\\_prepare/quizaccess.htm](http://www.cvc4.org/student_prepare/quizaccess.htm)

### *What are the Minimum Technology requirements?*

Although each class has its own set of technical requirements, generally online classes require a computer with a "modern" operating system (Mac OS X or Windows 2000 or Windows XP), a connection to the internet (usually an Internet Service Provider), a CD-ROM drive, speakers and/or headphones, and the ability to download plug-ins or clients to run on your computer.

Please see the list of classes below and visit the Universal Access Point (the URL listed in the next paragraph) for specific technical requirements for each section. If you have access to this technology, you probably have the minimum requirements to take the classes listed below. But please check each section for the specific technical requirements.

### *What to do after I register for an online or hybrid class?*

The Universal Access Point for information for all online and hybrid classes is: <http://online.valleycollege.edu>

Before the semester begins, point your browser to this web page and you will be able to find your online or hybrid class and be linked to all the information you need to begin that class. The information for each online class might be different. So be sure to visit the link for each online and/or hybrid that you have chosen. Do NOT assume that the technical requirements or the processes and procedures for each class are the same.

This Universal Access Point is your gateway for all the information you need to begin your online and/or hybrid classes. In addition, this Universal Access Point will provide you with people to contact if you have further questions about any online and/or hybrid class.

Online and Hybrid class offerings are:

### ACADEMIC ADVANCEMENT

**ACAD 100 Strategies for College Success** **1.00 unit**

Introduces student to college services, procedures, policies, opportunities, and survival skills.

*Associate Degree Applicable*

*Course credit transfers to CSU for elective credit only.*

**MATHEMATICS****MATH 090 Elementary Algebra 4.00 Units**

Covers the basic concepts typically presented in an introductory algebra course: operations with polynomials and rational expressions; rules of exponents; methods of factoring polynomials; solving linear, literal, and rational equations; solving linear inequalities; and solving applications modeled by linear equations.

*Associate Degree Applicable*

*PREREQUISITE: MATH 952 or MATH 952D or eligibility for MATH 090 as determined through the SBVC assessment process.*

**Beginning week of 8/14:**

4624	24	ONLINE	LEC	4.00	Strong,T
4626	25	ONLINE	LEC	4.00	Strong,T

Note: Students registered in reference numbers 4624 or 4626 must attend a mandatory orientation session. Registered students who do not attend will be dropped from the course. Choose one of the following orientation times: 10:00-11:30 a.m., 3:00-4:30 p.m., or 6:00-7:30 p.m. in PS141.

**MATH 095 Intermediate Algebra 4.00 Units**

This is a second course in algebra which builds on the skills of solving equations. This course includes finding rational solutions to quadratic, absolute value and rational equations, solving linear and absolute value inequalities, rational exponents and radicals, graphing linear equations and inequalities in two variables, and solving systems of linear equations.

*Associate Degree Applicable*

*PREREQUISITE: MATH 090 or eligibility for MATH 095 as determined through the SBVC assessment process OR BUSCAL 091.*

**Beginning week of 8/14:**

4662	16	ONLINE	LEC	4.00	Gibbons,A
4664	17	ONLINE	LEC	4.00	Gibbons,A

Note: Students registered in reference numbers 4662 or 4664 must attend a mandatory orientation session. Registered students who do not attend will be dropped from the course. Choose one of the following orientation times: 10:00-11:30 a.m., 3:00-4:30 p.m., or 6:00-7:30 p.m. in PS141.

**MATH 102 College Algebra 4.00 Units**

This course includes the study of quadratic equations and inequalities and their applications, an introduction to functions including operations and inverses, exponential functions and their graphs, logarithmic functions and their graphs and properties, in depth work graphing functions with transformations, an introduction to sequences, series, and the Binomial Expansion Theorem. This course is designed for students with a strong foundation in algebra.

*Associate Degree Applicable*

*Course credit transfers to CSU, \*UC;*

**Beginning week of 8/14:**

5796 70 ONLINE LEC 3.00 Hector,L

## Telecourse Classes

### *Are Telecourse Classes right for me?*

This assessment is provided to help you decide if Telecourse (TV) learning is right for you. This exercise is an indicator but not a definitive answer.

**Learning Style** - Do you stay on task without direct supervision? Can you prioritize your own workload and adhere to timelines? Do you usually understand and properly interpret written materials especially instructions?

**Technical Aspects for Telecourses** - Do you have a television receiver available to you that can display broadcast channels and receive KVCR-24, either with an antenna or a cable system? Do you have a video recorder or can you go to the campus Learning Center to view a missed program?

If you answered "YES" to the Learning Style and Telecourse Technical Aspects questions, you meet the criteria. Telecourses are right for you!

The Universal Access Point for information for all telecourse classes is: <http://telecourse.valleycollege.edu>

### ART

#### ART 110 History of American Cinema

**3.00 Units**

Covers the history and cultural influences of the American Cinema, including the origins of the motion picture, the rise and dominance of Hollywood, the decline of the Studio Era, and the emergence of the independent film.

*Associate Degree Applicable*

*Course credit transfers to both CSU and UC.*

### ASTRONOMY

#### ASTRON 120 Introduction to Astronomy

**3.00 Units**

Introduction to astronomy, the ultimate adventure. Our very big universe can be described by a small set of knowable rules through a logical method called science, where the excitement of an evolving and sometimes violent universe of stars and galaxies is explored. Topics include the night sky, the solar system, galaxies and the origin of the universe.
