Welcome to San Bernardino Valley College!

Follow these easy steps, and it will take you from the application to registration.

STEP 1. APPLICATION (ADMISSIONS)

A new application must be completed by all **NEW** students. You may apply online at <http://www.valleycollege.edu> and click on "Apply and Register," then click on "Application for Admission – Online" under the Admissions column. You **must** print the signature page and **submit** it to Admissions **before** you will be cleared for **ASSESSMENT**.

Returning students who have had a break in attendance of one or more semesters must fill out an admission application and submit it to the Admissions Office in person or by mail.

Upon completion of the Application Process, you will receive a **Student Identification Number**. This is mandatory for all the other steps of enrollment!

ADMISSION OFFICES: AD/SS 100 Phone: (909) 384-4401

Hours: 8:00 am to 7:00 pm, Monday thru Thursday
8:00 am to 4:00 pm, Friday
Closed on weekends

STEP 2. ASSESSMENT

After completing your application, you may take the Assessment exam for placement into **English, reading and math**, or ESL (English as a Second Language). Appointments can be made through Admissions or by calling the **Assessment Office: (909) 384-8955**.

Note: Assessment testing begins promptly at the times designated, so do not be late: You **must** bring your **Student Identification Number** and a **valid photo Identification Card**. Upon completion of the assessment, you will be given an appointment for orientation which will be conducted by a counselor. You will have an opportunity to develop a one semester education plan at a time.

STEP 3. ORIENTATION

Orientation will show you how the college system works for you! You will learn about: Student Support Services, Financial Assistance, Clubs and Organizations, Academic Success Tips, How to Establish an Educational Goal, Course Requirements for Associate, Certificate and Transfer Programs, Rights and Responsibilities as a student, and other information for your academic success.

After Orientation, you will be ready to register for classes. If you prefer further guidance, make an appointment with a counselor later during the semester to develop a long-term education plan and you can register for SDEV 010 – a course in Educational Planning.

STEP 4. REGISTER FOR CLASSES

You are now ready to register! Follow the advice that you received in Orientation and use the Education Plan provided to you by the Counselor and pick the courses that apply to your goal. You may register online at any time or in the Admissions Office during registration hours.

STEP 5. PAY FEES

Fees can be paid in five ways:

1. Via online: www.valleycollege.edu
2. Telephone: (909) 888-1996
3. U.S. Mail
4. Placing fee payment coupon and check or money order in a drop-box on campus located in front of the Admissions Office.
5. In person at the Admissions Office.

Financial Aid is available to those who qualify. Go to the Financial Aid Office (AD/SS 106) or visit the website at www.valleycollege.edu for additional information.

STEP 6. COUNSELING

As a new student, seeing a counselor is very important. A counselor is an excellent navigational tool to help you with career choices and to answer questions that you have regarding your educational goal. Counselors will help you find the right level of classes and assist in creating an Educational Plan as well as direct you to other services.

Please schedule an appointment with a counselor during a ***non-registration time period**. The recommend time is between: ***September – mid-November** or ***February – mid-May**.

FEES, PAYMENT OPTIONS & YOUR RESPONSIBILITIES

SBVC is one of the most affordable colleges in the country, but it isn't free. You are responsible for all fees related to your enrollment here. You may pay your fees the following ways:

Credit Card – On-line (www.valleycollege.edu)
Telephone (909) 888-1996

Cash - Admissions Office (AD/SS 100)

Check – Admissions Office (AD/SS 100) or the drop box outside the office.

As a student at SBVC, you are responsible for registering for your classes, paying your fees, and if necessary, dropping your classes. If your fees are not paid in full, the College may drop you from your classes, **but this may not happen, and you should not rely on it**, because if it doesn't, you are still responsible for the fees. If you do not drop your classes, you owe the fees, and may receive failing grades. So please – pay your fees on time, and drop any classes that you can't complete.

RESIDENCY

To be declared a California resident, you must have been physically present in the state, continuously, for a year prior to the beginning of the term, during which time you must have taken steps to make California your permanent residence. In matters of residency, the burden of proof lies with the student. **If the applicant is less than 18 years**, s/he may derive residency status from the parents (or guardian) if the parent (guardian) has established residency according to the above standard.

Non-California Residents are welcome to attend SBVC, but are required to pay non-resident tuition, as well as the enrollment fees paid by California residents.

Members of the United States armed forces stationed in California on active duty (except those assigned for educational purposes) are exempt from non-resident tuition for the duration of their attendance at a community college as long as they remain on active duty. Dependents are entitled to a waiver of the non-resident fee until they have resided in the state the minimum time necessary to become a resident.

HIGH SCHOOL STUDENTS

High school students may benefit from the challenge of a college level course and the more mature climate of the SBVC campus. To be considered for special admission to SBVC as a concurrently enrolled in high school student,

you must complete a regular application for admission, an application for concurrent high school enrollment, an emergency youth contact card, and supply an official copy of your high school transcript (a packet with these forms is available at the SBVC Office of Admissions, AD/SS 100). These forms may be submitted **no later than** two weeks before the beginning of class.

If you want to enroll in a transfer level course you must be a junior or senior, have the approval of your parent (or guardian) and your high school principal (or designee). You should also have approximately a 3.0 GPA, although other factors will be taken into account, including test scores, and your success in your high school courses.

If you want to enroll in a technical/vocational course you must be in at least the ninth grade, have the approval of your parent (or guardian) and your high school principal (or designee). You should also have approximately a 2.0 GPA, although other factors will be taken into account, including test scores, and your success in your high school courses.

Courses taken at SBVC cannot duplicate courses currently available at your high school.

Things to consider before you enroll – you should be aware that enrollment in a College course creates a permanent record that must be reported to any college the student applies to in the future. College courses may or may not be accepted by your high school – please check with your high school in advance. College courses may contain adult content. High school students are expected to comply with all SBVC rules and regulations as listed in the SBVC Catalog. Parents/guardians do not have the right to access college records without the student's written consent or a court order.

AB 540

1. SBVC, in compliance with California law, welcomes undocumented, non-immigrant aliens, and will classify them as California residents, for tuition purposes, if they meet the following criteria:
 - You have attended a California high school for at least 3 years
 - You have a high school diploma (or equivalent)
 - You have applied for legal status – or will sign an affidavit stating your intent to do so.

Please visit the Admissions Office for further information.

Priority Registration

Students: If you experience difficulty registering by phone or web and need assistance, please contact the Admissions & Records Office by email at admissions@valleycollege.edu or by fax at (909) 889-4988. Log on to www.valleycollege.edu or call (909) 888-1996 to **confirm** your registration category beginning **October 15**. Web/Telephone registration begins on **November 3**. **DSPS and EOPS registration is **November 1**.

HOW PRIORITY REGISTRATION WORKS

SBVC uses a priority system for registration. Because not everybody can go first, we have to use a priority system. SBVC, in compliance with California law, allows disabled and disadvantaged students the first opportunity to register. To be eligible for this service, students must be approved for services with the DSPS Office, or the EOPS/CARE office. After these students have registered, the students who have the highest number of units earned at SBVC have the highest priority. You can find out when you are authorized to register by reviewing the table below, or by calling (909) 888-1996.

Students who do not pay within three business days from the time of registration, may be dropped.

You may register on the day of your appointment or any day thereafter.

Calculate Your Fees

Each course listed in the schedule will tell you how many semester "units" of credit have been assigned to it. Your fees will be based on these units. Use steps A, B, C and D below to do a preliminary calculation of your fees:

- A. If you are a resident of California, multiply the number of units you will be taking by \$20 and enter the total here: _____
(Example: If you are taking 6 units, the total will be \$120.)

- Note: If you are not a resident of California, multiply the number of units by \$195. Students who are both citizens and residents of a foreign country will also be required to pay a Capital Outlay fee of \$13 in addition to the non-resident fee.*

- B. Add the required Health Fee of \$16

- C. Add the required Student Center fee. To do this, multiply the number of units you will be taking by \$1 per unit. (Example: If you are taking 3 units the fee will be \$3.) The maximum amount paid annually for

the Student Center fee is \$10. The computer will keep track of this for you.

- D. Add a \$1 Student Representation fee. (This fee may be waived for moral, financial, political, or religious reasons.) Use the fee payment coupon to note your reason for requesting a waiver for this fee.

Add the totals of items A, B, C and D above:
A) _____ + B) \$16+ C) _____ + D) \$1 = _____ .

Your preliminary calculations will be confirmed when you register by telephone or on the web.

You will also be given the option of purchasing an Associated Student (AS) Discount Sticker for \$5. If you decide to purchase an AS Sticker, you will be able to attend college sporting events, dances and other campus activities for free. In addition, you will receive discounts from many area businesses when you show your AS Sticker. Finally, showing your AS Sticker to the campus Bookstore cashier will enable you to receive 5% discount on the cost of your textbooks!

HOW TO ADD OR DROP AFTER THE START OF CLASSES

If you revise your schedule, and if the total number of units taken changes, the amount of your fees will also change. Payment is due immediately. See the "Policies" pages in the back of this schedule for a description of the refund policy if you are dropping a class.

ADDING CLASSES: AFTER the Web/Telephone registration period has closed and beginning on the first day of class, there are three ways you can add a class, with payment due immediately if the total number of units you are taking also changes. If you add or drop a class after the start date, you are responsible for the fees.

Obtain a webcode authorization sticker from your instructor. Log on to www.valleycollege.edu, enter the Campus Central system, and follow the directions to register by using the web code authorization sticker information. Payment will be due immediately. YOU CANNOT ADD A CLASS VIA THE WEB after the "use by date" has expired. In the event your instructor runs out of authorization stickers, s/he may sign your add card. Signed add cards must be submitted to Admissions and Records for processing. Payment will be due immediately.

To pay:

- Use a credit card to pay over the web system, OR
- Bring your add/drop card and payment (check, money order or credit card) to the Admissions & Records Office, OR
- Submit your add/drop card and payment through the U.S. Mail. **Do not mail cash!** OR
- Drop your payment coupon and payment (check, money order or credit card) into the Admissions and Records drop box, located outside the office.

Always retain your registration and schedule information and/or copy of the add/drop form until after final grades are posted.

DROPPING CLASSES: An instructor's signature *is NOT required to DROP a class*. All classes may be dropped using the web, telephone or a campus drop-box. If you'd like to drop using the web, log on to www.valleycollege.edu. If you have questions, call (909) 384-4401 for assistance. **It is the student's responsibility to drop classes he/she is no longer attending. Be aware that there may be consequences for your Financial Aid if you drop a class.**

An online alternative to the printed schedule!

<http://www.valleycollege.edu/eSchedule>

eSchedule was created to speed up the registration planning process and provide quick and easy access to a complete listing of Spring 2008 classes.

The eSchedule gives students the option of downloading the entire semester schedule of classes onto their PC's hard drive so that internet delays or high usage of the website during peak registration hours/days does not delay retrieval of that information. Automatic updates can be downloaded in a matter of seconds.

The real beauty of the eSchedule is that you can see which courses are still available when you are scheduled for priority registration. Note: A link will take you to Campus Central to register.

Feedback and ideas regarding this site would be appreciated. We want this site to work for you.

DISTRIBUTED EDUCATION

(Online/Hybrid/Telecourse Sections)

General Information

The Office of Distributed Education coordinates the televised and computer-delivered courses available to the students of Crafton Hills College in Yucaipa and San Bernardino Valley College in San Bernardino. Telecourse sections are broadcast by KVCR-TV, channel 24, and generally have five meetings on campus. KVCR is also available on cable and satellite systems, possibly on a different channel as selected by the independent provider. Online and hybrid courses require accessibility to a computer system with an Internet connection, and may have meetings on campus. Fees and academic credits are the same as equivalent traditional classroom courses.

Requirements for Online Courses

Although each class has its own set of technical requirements, generally online classes require a computer with a "modern" operating system (Mac OS X or Windows 2000 or Windows XP), a connection to the internet (usually an Internet Service Provider), a CD-ROM drive, speakers and/or headphones, and the ability to download plug-ins or clients to run on your computer.

How to Succeed In a Telecourse or an Online Course

Successful students claim that determination, planning, and self-motivation are needed to complete a course that lacks the regular meetings of an on-campus structure. Here is a plan of action that might help you.

1. For a telecourse, attend the first on-campus meeting to meet the instructor, understand the course goals and requirements, and receive the course syllabus and assignments. For an online or hybrid course, access the instructor's web site to get a copy of the syllabus and learn what is expected of you as a student.
2. Read the study materials related to assignments as presented by the instructor. Take notes and highlight important information.
3. For a telecourse, watch the programs weekly. If you have a VCR, record the programs to review them or make an appointment at the college Learning Center to view the programs. For an online or hybrid course, log in to your online server several times a week to keep up with new messages from the instructor and classmates.

4. For a telecourse, complete the assignments in the telecourse study guide and textbook after each program viewing. For online and hybrid courses, be aware of due dates and don't wait until the last hour to send them.
5. Formulate a list of questions during your study time to present to the instructor at the telecourse on-campus meetings or to post to your online class or call the instructor during his or her scheduled office hour.
6. Form a support group with other members of the class to review and discuss the content of the course.

Are you a Candidate for a Telecourse, Online or Hybrid Class?

This assessment is provided to help you decide if TV, Online or Hybrid learning is appropriate for you. This exercise is an indicator but not a definitive answer. The assessment covers two parts: Learning Style and Technical Aspects.

Learning Style

- Do you stay on task without direct supervision?
- Can you prioritize your own workload and adhere to timelines?
- Do you usually understand and properly interpret written materials especially instructions?
- Could you allocate as much time in your schedule as you would for a "traditional" class but with more flexibility?
- Are you able to attend some class meetings on campus (less than 6 a semester)?
- Would you enjoy the new experience of learning by way of television or a computer?

If you answered "YES" to the Learning Style questions, continue to the next section.

Technical Aspects for TV

- Do you have a television receiver available to you that can display broadcast channels?
- Can this television receive KVCR-24, either with an antenna or a cable system?
- Do you have a video recorder as an option to record the programs for viewing according to your schedule?
- If you miss a program, could you go to the campus Learning Center to view the program?
- Would you be willing to lease the programs for a course on VHS tape as an option?

If you answered "YES" to the TV questions, you meet the conditions for telecourse delivery.

Technical Aspects for ONLINE and HYBRID

- Do you have a computer system available to you that can access the Internet?
- Could you "go online" on a weekly basis, sometimes twice a week or more?
- Have you opened and sent e-mail messages?
- Have you installed a program after "downloading" it from a remote computer to your computer?

- Do you know how to “copy and paste” text from a word processing document to an email message? If you answered “YES” to the ONLINE questions, you meet the conditions for online delivery.

Conditions

The TV and Online courses require structure, which you will create for yourself. You will need self-discipline to adhere to your self-made schedule. Much of the material covered in a Distributed Education course will require that you learn from reading textbooks, Internet-based articles, and written materials from the instructor. For some of the courses online, lectures are recorded by the instructor, which means you must use either a cassette player or a CD-Rom drive with headphones or speakers.

Benefits

The beauty of Distributed Education learning is the flexibility of time available for you, as the student, to access the virtual classroom or to view TV programs. You can set your class time around your work schedule and family or social activities. You will soon realize the savings normally incurred with driving time and vehicle-related costs. If you take only D.E. courses you won't have to

deal with parking constraints on a weekly basis. Plus, there may also be a reduction in childcare costs. You could also benefit by combining D.E. courses with traditional classes. Now it's your choice. Check with an Academic Counselor to determine which classes you need, then see if they are listed in this schedule. Distributed Education may not be for everybody. However, for those who are self-motivated, it could prove to be an invaluable experience.

Are Online Classes right for me?

Online classes require discipline and self-motivation. If you have these qualities, online classes might work for you. Please visit this website for some self-assessment tools to determine whether online classes fit your learning style and your lifestyle:

http://www.cvc4.org/student_prepare/quizaccess.htm

What are the Minimum Technology requirements?

Although each class has its own set of technical requirements, generally online classes require a computer with a "modern" operating system (Mac OS X or Windows 2000 or Windows XP), a connection to the internet (usually an Internet Service Provider), a CD-ROM drive, speakers and/or headphones, and the ability to download plug-ins or clients to run on your computer.

Please see the list of classes below and visit the Universal Access Point (the URL listed in the next paragraph) for specific technical requirements for each section. If you have access to this technology, you probably have the minimum requirements to take the classes listed below. But please check each section for the specific technical requirements.

What to do after I register for an online or hybrid class?

The Universal Access Point for information for all online and hybrid classes is:

<http://online.valleycollege.edu>

Before the semester begins, point your browser to this web page and you will be able to find your online or hybrid class and be linked to all the information you need to begin that class. The information for each online class might be different. So be sure to visit the link for each online and/or hybrid that you have chosen. Do NOT assume that the technical requirements or the processes and procedures for each class are the same.

This Universal Access Point is your gateway for all the information you need to begin your online and/or hybrid classes. In addition, this Universal Access Point will provide you with people to contact if you have further questions about any online and/or hybrid class.

Are Telecourse Classes right for me?

This assessment is provided to help you decide if Telecourse (TV) learning is right for you. This exercise is an indicator but not a definitive answer.

If you answered “YES” to the Learning Style and Telecourse Technical Aspects questions, you meet the criteria. Telecourses are right for you!

The Universal Access Point for information for all telecourse classes is:

<http://telecourse.valleycollege.edu>

Before the semester begins, point your browser to this web page and you will be able to find your telecourse and be linked to all the information you need to begin that class. The information for each telecourse class might be different. So be sure to visit the link for each telecourse that you have chosen. Do NOT assume that the technical requirements or the processes and procedures for each class are the same.

Cheating and Plagiarism

It is the belief at San Bernardino Valley College that students share a responsibility with their instructors for assuring that their education is honestly attained. In keeping with this belief, every instructor has the responsibility and authority to deal with any instances of plagiarism, cheating and/or fabrication that occur in the classroom. Examples of academic dishonesty include (but are not limited to) the following:

Plagiarism: Plagiarism is the act of presenting someone else's work as one's own. Examples include:

- Copying and pasting text from websites or other electronic sources and presenting it in an assignment as your own original work.
- Copying and pasting text from printed sources (including books, magazines, encyclopedias or newspapers) and presenting it in an assignment as your own original work.
- Using another student's work and claiming it as your own original work (even if you have the permission of the other student).

Cheating: Cheating is the act of pretending (or helping others to pretend) to have mastered course material through misrepresentation. Examples include:

- Copying from another student's test or assignment.
- Allowing another student to copy from your test or assignment.
- Using the textbook, course handouts, or notes during a test without instructor permission.
- Stealing, buying or otherwise obtaining all or part of a test before it is administered.
- Selling or giving away all or part of a test before it is administered.
- Having someone else attend a course or take a test in your place.
- Attending a course or taking a test for someone else.

- Failing to follow test-taking procedures, including talking during the test, ignoring starting and stopping times, or other disruptive activity.

Fabrication: Fabrication is the intentional use of invented information. Examples include:

- Signing a roll sheet for another student.

The consequences of academic dishonesty may include receiving a grade of "F" for a class or possible expulsion from the college.

Children on Campus and in the Classroom

All children (with the exception of high school students who have been admitted to the college) must be accompanied by an adult while on campus. Children are not allowed in the classroom under any conditions and are not to be left unattended in any campus facility. Should this occur, the College Police should be notified immediately.

Complaints

Any complaint about a grade, an instructor or course content should be made to the instructor involved, then to that instructor's Department Head, then to the Division Dean of that department.

Credit/No Credit

Students who wish to be graded in any class on a Credit/No Credit basis must pick up the appropriate form in the Admissions & Records Office (AD/SS Building). The paperwork must be filed no later than the end of the first 30% of the course. Once Credit/No Credit has been selected as a grading option, a letter grade (A-F) cannot be issued.

Credit Hours (Units)

One credit is awarded for each 16-18 lecture hours of instruction, or for 48-54 laboratory hours, or for appropriate combinations of lecture and laboratory hours. Our goal is to provide equal opportunities for all community members in all areas of the college including admission, student financing, student support facilities and activities, and employment. The District's non-

discrimination policies are supported by the requirements of Titles VI and VII of the Civil Rights Act of 1964, as amended; Title IX of the education amendments of 1972; the Age Discrimination in Employment Act of 1975; and sections 503 and 504 of the Rehabilitation Act of 1972, as amended, and the Americans with Disabilities Act. San Bernardino Valley College is further committed to overcoming sex discrimination and sex stereotyping in vocational education programs. In addition, the lack of English language skills will not be a barrier to admission and participation in vocational education programs.

Students, job applicants, and employees may complain of any action which they believe discriminates against them on the above-cited grounds.

For information regarding the college's non-discrimination policy or to file a complaint, contact Trudy Largent, Vice Chancellor of Human Resources and Employee Relations, District Building, SBCCD, 114 South Del Rosa Drive, San Bernardino, CA 92408. Students may challenge a prerequisite or corequisite on one or more of the following grounds:

- The student can demonstrate that he/she has the knowledge or ability to succeed in the course or program despite not having satisfied the prerequisite or corequisite.
- The student will be subject to undue delay in attaining his/her educational goal as outlined in his/her student education plan because the prerequisite or corequisite course has not been made reasonably available.
- The prerequisite or corequisite is unlawfully discriminatory or is being applied in a discriminatory manner.
- The prerequisite or corequisite has not been established in accordance with the district's approved process for establishing prerequisites or corequisites or was established in violation of Title V.

It is the student's responsibility to provide documentation to support the challenge. The challenge must be filed in the appropriate Academic Division Office no later than the first week of class. The college will process the challenge within five working days and the student will be advised of the approval or denial. For information on challenging a prerequisite, speak to the Matriculation Coordinator by calling (909) 384-8996.

Probation and Dismissal

A student will be placed on Academic Probation when his/her current or cumulative grade point average following completion of 12 or more units falls below 2.0. A student will be placed on Progress Probation if, following completion of 12 or more units, he/she receives non-evaluative symbols of "W," "I" and/or "NC" in 50% or more of the units in which he/she has enrolled.

A student on Academic or Progress Probation may be dismissed for one semester when one or more of the following conditions exists:

- The student has earned a cumulative grade point average of less than 2.0 for three consecutive semesters
- The student has received non-evaluative symbols of "W," "I" and "NC" in 50% or more of the units for which he/she was enrolled for three consecutive semesters.
- The student has been on Academic and/or Progress Probation for three consecutive semesters.

Students experiencing problems in any class are encouraged to consult with the instructor and a counselor.

Refund Policy for Fees

If a class is cancelled by the college, enrollment and/or non-resident enrollment fees will be refunded in their entirety. If the cancellation results in a student's withdrawal from the college, refunds of the mandatory fees will apply.

If a student drops a class during the registration period and before the first day of the class being dropped...

You will be mailed a refund of enrollment, health and student center fees, minus a \$10 processing fee.

You are eligible for a partial refund:

1. If student withdraws during the first two weeks of full-term classes or during the first 10% of a short-term class, enrollment fees or non-residential fees will be refunded.
2. If a change of program within the first two weeks of full-term classes or during the first 10% of a short-term class results in a reduction in the number of units taken, the enrollment fee will be refunded at the per unit cost of the reduction.

All other fees are non-refundable after the first day of classes.

Refunds of less than \$15 will not be processed.

You are NOT eligible for a refund:

1. If you drop a class after the first 10% of the class.
2. If you are dropped by the instructor.

In all cases...Allow 6-8 weeks for all refund checks. Please be sure the college has your current address. If you wish to apply the refund credit toward registration in another class, you must submit the drop and add at the same time.

Refund Policy for Parking Permits

To be eligible for a refund of the parking permit fee: (a) all classes must be cancelled by the college and such cancellation must result in a student's withdrawal from the college or (b) the student must withdraw from all classes PRIOR to the first day of instruction. The parking permit must be attached to the refund request. Refund Request forms are available through the Campus Business Office, Room AD-206.

Repeating a Course

A student may take a course only once. There are two exceptions to this statement. First, if a course number includes x2, x3, or x4, then the course may be taken 2, 3, or 4 times. Second, if a student receives a "D," "F," or "NC" grade, he/she may take the course one additional time. If necessary, a student receiving a "D," "F" or "NC" may petition the Committee to take the class a third time. The petition is subject to approval or denial based on the rationale provided.

California Residents: The following conditions establish college residency status:

1. If the applicant is less than 18 years, his or her parents or guardian must have resided within California for 12 consecutive months proceeding the first day of the semester.
2. If the applicant is 18 years but not yet 19 years of age, the applicant and the applicant's parents must have resided within California for 12 consecutive months proceeding the first day of the semester.
3. If the applicant is 19 years or older, the applicant must have resided within California for 12 consecutive months preceding the first day of the semester.

2. Members of the United States armed forces stationed in California on active duty (except those assigned for educational purposes) are exempt from non-resident tuition for the duration of their attendance at a community college as long as they remain on active duty. Dependents are entitled to a waiver of the non-resident fee until they have resided in the state the minimum time necessary to become a resident.

Sexual Harassment Policy

Sexual harassment of students or employees in the academic and work environments violates both federal and state law and district policy, and it will not be tolerated. It also violates law and policy to retaliate against any individual for filing a complaint of sexual harassment, or for participation in the investigation or resolution of a formal or informal, written or oral complaint of sexual harassment. Unlawful harassment on the basis of sex includes, but is not limited to, classroom conditions, grades, academic standing, scholarships, recommendations, employment opportunities, disciplinary action, or any other aspect of college life within the control of the District. Complaints of sexual harassment may be registered with the Vice Chancellor of Human Resources and Employee Relations, District Building, SBCCD, 114 South Del Rosa Drive, San Bernardino, CA 92408, or may be reached by calling (909) 382-4041.

Standards of Student Conduct

In the classroom: Students are expected to take responsibility for helping to create a quality classroom environment. Students are expected to show:

1. **Respect for the instructor:** This includes arriving on time, staying for the entire class period, bringing assignments, textbooks and other appropriate materials to class, refraining from talking while the instructor or classmates are making a presentation, turning off cell phones and other electronic devices during class periods, and using a moderate, mature and respectful tone when participating in group discussions.
2. **Respect for other students:** This includes using appropriate language in public areas and refraining from physically or verbally harassing others in any way.

3. **Academic honesty:** Lack of honesty in the classroom is considered a very serious offense. Any form of cheating on tests or assignments, turning in work that is not one's own (i.e., plagiarism), talking during tests, furnishing false information to college personnel, or knowingly misrepresenting oneself to the college is grounds for disciplinary action. The consequences of cheating are severe and may include receiving a grade of "F" for the class or possible expulsion from the college.

4. **Instructor's rights:** An instructor has the right to remove a student from class at any time he or she considers a student's actions to be interfering with a proper collegiate environment. The instructor may also refer the incident to the administration for disciplinary action as warranted.

On the campus: Creating a proper campus environment is also very important for academic and individual success. The SBCCD Board of Trustees has established district-wide standards of student conduct which will be enforced at all times. These rules of conduct are particularly important in large common areas such as the Cafeteria, Bookstore, vending areas, campus quads, and other highly frequented areas.

See Board Policy 5500 for additional information about student conduct.

Student Grievance Policy

In accordance with Board Policy 5530, a student may initiate a grievance against a college employee for any of the following reasons:

- An act or threat of intimidation
- Any arbitrary action or imposition without proper regard to due process

Any student who wishes to discuss a grievance must first attempt to resolve the issue by contacting the employee. The next step requires a conference with the employee's immediate supervisors (first the Department Head, then that employee's Division Dean). Written documentation at each step is necessary, particularly if a grievance is filed. If the alleged problem is still unresolved, the student may request a formal hearing by contacting the Vice President of Student Services in the Administration/ Student Services 200. Before a formal hearing is filed, the student must review Board Policy 5530.

STUDENT DISCIPLINARY PROCEDURES

Resolving Student Concerns

San Bernardino Valley College functions within a basic framework that relies on the personal honor and integrity of its students and staff. The framework is fostered in an atmosphere of mutual trust and openness, relying on example and discussion to promote understanding and respect.

Grounds for Disciplinary Action

Student conduct must conform to district and college rules and regulations. Violations of such rules and regulations, for which students are subject to disciplinary action, include, but are not limited to, the following:

- Continued disruptive behavior, willful disobedience, habitual use of profanity or vulgarity, the open and persistent defiance of authority, or persistent abuse of college personnel.
- Dishonesty, such as cheating, plagiarizing or knowingly furnishing false information to the college or to college officials.
- Willful or persistent smoking in any area where smoking has been prohibited by law or by regulation of the Board of Trustees.
- The use or possession of alcoholic beverages on college property or at any college sponsored event, or the presence on campus of anyone under the influence of alcohol.
- Assault, battery or any threat of force or violence upon a student or visitor to the campus or college personnel.
- Willful misconduct which results in injury or death to a student, campus visitor or college personnel, or cutting, defacing, or otherwise harming any real or personal property owned by the District.
- The use, sale or possession of illegal drugs or substance or any poison classified as such by Schedule D in Section 4160 of the Business and Professions Code, or the presence on campus of anyone under the influence of such drugs or substances.
- Forgery, alteration or misuse of college documents, records, or identification.

- Violation of college regulations governing student organizations, the use of college facilities or the time, place and manner of public expression or distribution of materials.
- Unauthorized entry to facilities or use of college supplies, equipment, and telephones.
- Possession or use of any firearm, explosive device, dangerous chemical or other deadly weapons while on college property or at college-sponsored activities.
- Driving of motorcycles and other off-road vehicles on college property, other than the regular roads and parking lots.
- Persistent, serious misconduct where other means of correction have failed to bring about proper conduct.
- Obstruction of pedestrian and/or vehicular traffic while on college property or at college-sponsored activities.

Types of Disciplinary Action

Disciplinary actions which are imposed by the college for the violation of its rules or the laws of the State of California include the following:

- Reprimand (a verbal or written recognition of a violation of good conduct that admonishes the offender to avoid future infractions).
- Probation (a disciplinary action which returns the offender to the college community on his or her promise of appropriate future behavior; may include, but is not limited to, ineligibility to participate in extra-curricular activities and certain other student privileges).
- Suspension (exclusion from the college and college-sponsored activities for a specified time).
- Expulsion (exclusion by the District Board of Trustees from the college and all college-sponsored activities).

STUDENT GRIEVANCE PROCEDURES

Student Grievance and Due Process

It is the stated policy of the Board of Trustees of the San Bernardino Community College District that, "the relationship between students and college personnel is of vital importance to the learning process." With this principle comes the recognition that there may be many divergent viewpoints and that a process by which these viewpoints can be aired and resolved must be established.

I. Cause and Filing

Student grievance proceedings may be initiated against a District employee or another student for any of the following reasons:

1. Any act or threat of intimidation;
2. Any act or threat of physical aggression;
3. Any arbitrary action or imposition of sanctions without a proper regard to due process as specified in college procedures.

NOTICE:

1. Grades are not grievable (see NOTATION at the end of policy).
2. Sexual harassment complaints are filed in accordance with Board Policy 5510 and are not covered under Student Grievances.
3. Discrimination complaints are filed in accordance with Board Administrative Regulation 3430 and are not covered under Student Grievances.

The San Bernardino Community College District has established a due process procedure which has as its goal the satisfactory resolution of the problem at the lowest possible level.

Who to File a Grievance With?

A student may submit a grievance to any manager or employee in any area for delivery to the Vice President of Student Services who will assess which manager or vice president is to oversee the grievance process.

A student grievance is to be handled in the area where the alleged grievance occurred. Examples are:

- Classroom or teacher-related issues would go to the vice president or manager in Instruction
- Student service or counselor-related issues would go to the vice president or manager in Student Services
- Building, grounds, cashiering, or police-related issues would go to the vice president or manager in Administrative Services

II. Time for Filing a Grievance Notice

The appropriate vice president, district manager, or designee will accept a formal written student grievance when submitted within 180 calendar days of the event's occurrence and under the provisions specified. A grievance may be denied if the events occurred more than 180 calendar days prior to the date in which the grievance was filed in writing.

III. Student Status for Filing a Grievance

Only registered students may file a student grievance. Non-student grievances may be considered by the designated vice president or manager if the grievance is a result of a dispute arising out of the registration or enrollment process and the grievance is filed within thirty (30) calendar days of the alleged incident.

IV. Group Grievance

If more than one student files a grievance against an individual on the same issue or situation, members of the group shall select one person to serve as spokesperson / representative for the entire group.

V. Informal Student Complaint Resolution Process (Non-written)

Step 1. Every effort shall be made to resolve a student complaint at the lowest level possible. A student must first attempt to resolve the issue directly. If this is not practical or possible, or due to the nature of the problem, or failing a resolution the grievance progresses to Step 2.

Step 2. A student who is not satisfied with the Step 1 outcome may next attempt to resolve the alleged problem by conferring with the immediate supervisor of the employee with whom the initial conference was held. If the grievance is alleged against another student, Step 2 would be taken to the Director of Student Life. Upon such a request, the administrator shall inform and confer with any employee or student named by the student. In turn, the administrator shall schedule a meeting with the grievant and if requested, all involved parties, not more than ten (10) school days from the date of the initial request.

VI. Formal Procedures

If the alleged problem is not resolved at the Informal Level, the student may request a formal hearing in writing with the appropriate vice president or designee. This written notice shall state the conditions, practice, alleged act, or injustice that is being grieved, the date(s) of the alleged occurrence and should, if possible, include a proposed remedy or resolution to the problem.

Step 1: Within three (3) working days of receipt of the written student grievance notice, the appropriate Vice President or designee, shall determine if the allegations were filed in a timely manner and meet the criteria outlined. If the student grievance notice fails to meet the above criterion, the Vice President shall notify the student of this determination and the grievance shall be terminated. If the student grievance notice is not terminated, the Vice President shall appoint a Student Grievance Hearing Committee within five (5) working days.

Step 2: Any employee who has conferred with a student who requests a hearing shall prepare a written account of the discussion which shall be forwarded to the appropriate Vice President or designee.

Step 3: The student and any college personnel or student involved in the allegations shall be notified of a hearing and the time and place of the hearing in writing. The notice shall include the names of the Hearing Committee and all documentation relating to the allegation(s).

Step 4: The Hearing Committee shall consist of either a maximum of two faculty or two classified staff members, based on the nature of the classification of staff involved, two students, and one administrator to hear the grievance. The administrator where the issue relates shall serve as chairperson of the hearing committee.

VII. Hearing Procedures

- a. The hearing shall convene within ten (10) working days of the receipt of the student grievance notice unless mutually agreed upon for a delay.
- b. The hearing shall be closed unless the District employee or student against whom the grievance is brought requests that it be open.
- c. The following persons should be present:
 - (1) The Hearing Committee
 - (2) The student grievant and non-legal representative/advocate if any;
 - (3) The college employee or student against whom the grievance is brought and a representative of the appropriate bargaining unit, if any;
 - (4) Witnesses, while presenting testimony.
- d. Both parties shall notify the appropriate Vice President or designee, in writing within three (3) working days of the hearing if he/she will be accompanied by a representative/advocate. Such notification shall include the name and title of the representative. The Committee Chairperson shall be obligated to immediately notify the parties directly involved.
- e. Although minutes will be taken at the hearing to provide a written record, if all parties agree the hearing may also be tape recorded.
- f. All participants in a hearing shall be advised by the Committee Chairperson that the proceedings are confidential.
- g. Witnesses shall not be required to testify under oath; however, witnesses shall be advised that false testimony will constitute grounds for college disciplinary action.
- h. The proceedings will not be bound by formal rules of evidence nor trial-like procedures. Rather, the procedures will be those upon which reasonable persons would rely in the conduct of serious affairs. The Committee Chairperson shall rule on all procedural issues. If substantive or procedural issues arise during the hearing that require external assistance for resolution, the Hearing Committee Chairperson should recess the hearing and submit the issue to the college president for resolution.
- i. Evidence and/or testimony which may be irrelevant or unduly repetitious may be so noted by the Committee Chairperson.
- j. The burden of proof to sustain a grievance rests with the student.
- k. If the grievant fails to appear at the time and place scheduled for the hearing, and fails to notify the committee of the circumstances the grievance will be considered to have been withdrawn and procedures will be terminated. Depending on the nature of the circumstances, the committee shall determine if the hearing should be rescheduled within a reasonable period of time. It is recommended that the defendant participate in the hearing.
- l. Upon conclusion of the hearing, within five (5) working days, the Committee Chairperson shall submit to the Vice President a written report. The report shall include:
 - (1) A brief summary of evidence submitted;

- (2) A finding of facts, supported by a preponderance of the evidence;
 - (3) A recommendation that the grievance be sustained or denied; and
 - (4) In the event the recommendation is to sustain the grievance, a recommendation of appropriate corrective action.
- m. Upon review of the Hearing Committee's report, the Vice President or designee shall make a final determination.

VIII. Notification

Within five (5) working days following receipt of the report of the Hearing Committee Chairperson, the Vice President or designee shall provide a written notification to the student/s and to the employee/s directly involved in the issues as to the final determination.

IX. Appeal to President

If either the complainant or accused is not satisfied with the final college-level disposition of the grievance, the party may, within ten (10) working days, appeal the decision to the College President. The basis of appeals are: All parties shall be notified by the President of the appeal. The President shall provide written notification to the student and to other parties directly involved in the issues as to his/her recommendation within five (5) working days.

X. Appeal to the Chancellor

If either party is not satisfied with the final college-level disposition of the grievance, he/she may, within ten (10) working days, appeal (state the basis of the appeal again) the decision to the Board of Trustees through the District Chancellor. All parties shall be notified by the Chancellor of the appeal. The Chancellor shall report the grievance in closed session to the Board of Trustees for final determination. The Chancellor shall provide written notification to the student and to other parties directly involved in the issues as to his/her recommendation within five (5) working days. The determination of the Board of Trustees is final.

XI. General Provisions

1. The time limits specified in this procedure may be shortened or extended if there is mutual written concurrence between the parties.
2. At any step of the grievance procedure, the college President may designate a substitute for the designated college officials.
3. Failure of the student grievant to appeal a grievance determination at any step to another step within the specified time limits shall be deemed acceptance of the last determination rendered.
4. It is the intent of this policy that the confidentiality of the discussions, including any documents or written records, be maintained by the participants.
5. It will not be mandatory for any staff member to attend the student grievance meetings nor will the student grievance procedure supersede staff member's contractual rights.

Transfer to the California State University (CSU) and the University of California (UC)

Students who plan to transfer to the UC should refer to the UC Transfer Course Agreement (TCA) for any credit limitation that may apply to courses for their transfer course unit calculation. The TCA may be accessed through ASSIST at www.assist.org. ASSIST provides the most accurate and up-to-date information available about student transfer in California.

Although a course may be designated as transferable to the CSU and/or UC, it may not meet IGETC, CSU GE-Breadth, or major preparation requirements. Major preparation varies from university-to-university at both the UC and CSU.

Students should consult with a counselor and review general education and major requirements. Transfer university representatives meet with students in the Transfer and Career Center.

How Long Will It Take To Complete My Degree?

San Bernardino Valley College offers associate degrees and a wide variety of certificate programs.

The amount of time it will take to complete your associate degree will depend on whether you are attending full-time or part-time, and on your level of preparation and the number of prerequisite courses you are required to take. Typically, a student attending full-time with few prerequisite requirements could complete an associate degree in two years. Students attending part-time could take as long as four or five years.

The amount of time it will take to complete your certificate program will depend on whether you are attending full- or part-time, the number of units required for the certificate, the rotation of courses over a one- or two-year sequence, and on the number of prerequisite courses you are required to take. A very limited number of certificate programs can be completed in one semester. The majority will take one or two years if you attend full-time. Consult with the vocational advisor for your program. A list of vocational advisors is found in this schedule.

SAN BERNARDINO COMMUNITY COLLEGE DISTRICT DRUG ABUSE POLICY

The San Bernardino Community College District strives to maintain a workplace free from the illegal use, possession or distribution of controlled substances, as defined in the Controlled Substances Act. Students, employees and visitors are subject to applicable legal sanctions under local, state or federal law for the unlawful possession or distribution of illicit drugs and alcohol. Disciplinary action may be imposed on a student for misconduct for the following infractions while attending college classes or college-sponsored events:

Are you at risk for a substance abuse related problem? If you answer yes to one or more of the following, there is a problem.

1. Have you blacked out after using drugs or alcohol?
2. Have you been arrested during or after you were drinking or using drugs?
3. Do you drink or use drugs to get wasted?
4. Has someone close to you, talked with you about your alcohol or drug usage?
5. Does a family member have an alcohol or other drug problem, or had one in the past?
