Welcome to San Bernardino Valley College!

Follow these easy steps, and it will take you from the application to registration.

STEP 1. APPLICATION (ADMISSIONS)

An application must be completed by all **NEW** students. You may apply online at <http://www.valleycollege.edu> and click on "Apply and Register," then click on "Application for Admission – Online" under the Admissions column.

Upon completion of the Application Process, you will receive a **Student Identification Number (new students)**. This is mandatory for all the other steps of enrollment!

ADMISSION OFFICES: AD/SS 100 Phone: (909) 384-4401

Hours: 8:00 am to 7:00 pm, Monday - Thursday
Closed Fridays and Weekends during the Summer

STEP 2. ASSESSMENT

After completing your application, you may take the Assessment exam for placement into **English, reading and math**, or ESL (English as a Second Language). Appointments can be made through Admissions or by calling the **Assessment Office: (909) 384-8955**.

Note: Assessment testing begins promptly at the times designated, so do not be late: You **must** bring your **Student Identification Number** and a **valid photo identification card**. Upon completion of the assessment, you will be given an appointment for orientation which will be conducted by a counselor. You will have an opportunity to develop a one semester education plan at that time.

STEP 3. ORIENTATION

Orientation will show you how the college system works for you! You will learn about: Student Support Services, Financial Assistance, Clubs and Organizations, Academic Success Tips, How to Establish an Educational Goal, Course Requirements for Associate, Certificate and Transfer Programs, Rights and Responsibilities as a student, and other information for your academic success.

After Orientation, you will be ready to register for classes. If you prefer further guidance, make an appointment with a counselor later during the semester to develop a long-term education plan and you can register for SDEV 010 – a course in Educational Planning.

STEP 4. REGISTER FOR CLASSES

You are now ready to register! Follow the advice that you received in Orientation and use the Education Plan provided to you by the Counselor and pick the courses that apply to your goal. You may register online at any time or in the Admissions Office during registration hours.

STEP 5. PAY FEES

Fees can be paid in four ways:

1. Online: www.valleycollege.edu (by credit card)
2. U.S. Mail (by check or money order)
3. Placing fee payment coupon and check or money order in a drop-box on campus located in front of the Admissions Office.
4. In person at the Admissions Office.

Financial Aid is available to those who qualify. Go to the Financial Aid Office (AD/SS 106) or visit the website at www.valleycollege.edu for additional information.

STEP 6. COUNSELING

As a new student, seeing a counselor is very important. A counselor is an excellent navigational tool to help you with career choices and to answer questions that you have regarding your educational goal. Counselors will help you find the right level of classes and assist in creating an Educational Plan as well as direct you to other services.

Please schedule an appointment with a counselor during a ***non-registration*** time period. The recommended time is between: ***September – October*** or ***February – April.*** Counselors are available throughout the Fall and Spring Semesters on a drop-in basis.

For refunds, students must drop before 10% of the instructional days have passed. In order not to receive a "W" for a class, students must drop before 30% of the instructional days have passed. Students dropping after 30% of the instructional days have passed will receive a "W".

Por favor lea el recibo de su matriculate para que se entere del último día de añadir clases y el último día de cancelar clases.

Tal como lo dicta el Código Educacional de California, que el añadir o cancelar clases sea específico, dependiendo de un número de factores, puede haber ocasiones que encontrará pequeñas inconsistencias entre las fechas impresas en el catálogo y las programadas. Si ocurren estas inconsistencias, se deben de resolver caso por caso.

Para Reembolsos: para poder recibir reembolsos los estudiantes deben de cancelar la clase antes de que haya pasado el 10% de los días de instrucción de la clase. Para no recibir una "W" por una clase, los estudiantes deben de cancelar la clase antes de que haya transcurrido el 30% de los días de instrucción de la clase. Los estudiantes que cancelen después de que haya transcurrido el 30% de los días de instrucción de la clase recibirán una "W".

SBVC COMMENCEMENT RETURNING TO CAMPUS!

**Thursday, May 21, 2009
Football Stadium**

The event will begin promptly at 6:00 p.m.
in the SBVC Football Stadium. Due to construction
and limited on-campus parking, it is strongly advised
that graduates and guests arrive early. Plenty of
parking is available across Mt. Vernon Avenue
at the Pro Swap Meet, so please avoid parking on
neighborhood streets around the campus.

FEES, PAYMENT OPTIONS & YOUR RESPONSIBILITIES

SBVC is one of the most affordable colleges in the country, but it isn't free. You are responsible for all fees related to your enrollment here. You may pay your fees the following ways:

Credit Card – On-line (www.valleycollege.edu)

Cash - Admissions Office (AD/SS 100)

Check – Admissions Office (AD/SS 100) or the drop box outside the office.

As a student at SBVC, you are responsible for registering for your classes, paying your fees, and if necessary, dropping your classes. If your fees are not paid in full, the College may drop you from your classes, **but this may not happen, and you should not rely on it**, because if it doesn't, you are still responsible for the fees. If you do not drop your classes, you owe the fees, and may receive failing grades. So please – pay your fees on time, and drop any classes that you can't complete.

RESIDENCY

To be declared a California resident, you must have been physically present in the state, continuously, for a year prior to the beginning of the term, during which time you must have taken steps to make California your permanent residence. In matters of residency, the burden of proof lies with the student. **If the applicant is less than 18 years**, s/he may derive residency status from the parents (or guardian) if the parent (guardian) has established residency according to the above standard.

Non-California Residents are welcome to attend SBVC, but are required to pay non-resident tuition, as well as the enrollment fees paid by California residents.

Members of the United States armed forces stationed in California on active duty (except those assigned for educational purposes) are exempt from non-resident tuition for the duration of their attendance at a community college as long as they remain on active duty. Dependents are entitled to a waiver of the non-resident fee until they have resided in the state the minimum time necessary to become a resident.

AB 540

1. SBVC, in compliance with California law, will classify non-resident students as California residents, for tuition purposes, if they meet all of the following criteria:

- You have attended a California high school for at least 3 years

- You have a high school diploma (or equivalent)
- You have applied for legal status – or will sign an affidavit stating your intent to do so.

HIGH SCHOOL STUDENTS

High school students may benefit from the challenge of a college level course and the more mature climate of the SBVC campus. To be considered for special admission to SBVC as a concurrently enrolled in high school student, you must complete a regular application for admission, a petition for concurrent high school enrollment, an emergency youth contact card, and supply an official copy of your high school transcript (a packet with these forms is available at the SBVC Office of Admissions, AD/SS 100). These forms must be submitted **no later than** two weeks before the beginning of class.

If you want to enroll in a transfer level course you must be a junior or senior, have the approval of your parent (or guardian) and your high school principal (or designee). You should also have approximately a 3.0 GPA, although other factors will be taken into account, including test scores, and your success in your high school courses.

If you want to enroll in a technical/vocational course you must be in at least the ninth grade, have the approval of your parent (or guardian) and your high school principal (or designee). You should also have approximately a 2.0 GPA, although other factors will be taken into account, including test scores and your success in your high school courses.

Courses taken at SBVC cannot duplicate courses currently available at your high school.

Things to consider before you enroll – you should be aware that enrollment in a College course creates a permanent record that must be reported to any college the student applies to in the future. College courses may or may not be accepted by your high school – please check with your high school in advance. College courses may contain adult content. High school students are expected to comply with all SBVC rules and regulations as listed in the SBVC Catalog. Parents/guardians do not have the right to access college records without the student's written consent or a court order.

**Please visit the Admissions Office in
AD/SS 100 for further information.**

Priority Registration

Students: If you experience difficulty registering and need assistance, please contact the HELP Desk at (877) 241-1756. Log on to www.valleycollege.edu to *confirm* your registration category. Registration begins on **April 15**. **EOPS/CARE, DSP & S and Veterans registration is **April 13 and 14**.

HOW PRIORITY REGISTRATION WORKS

SBVC uses a priority system for registration. Because not everybody can go first, we have to use a priority system. SBVC, in compliance with California law, allows disabled and disadvantaged students, as well as Veterans, the first opportunity to register. To be eligible for this service, students must be approved for services with the DSPS Office, the EOPS/CARE office or the Veterans' Office. After these students have registered, the students who have the highest number of units earned at SBVC have the highest priority. You can find out when you are authorized to register by reviewing the table below, or by logging on to www.valleycollege.edu.

REGISTRATION SCHEDULE – SUMMER 2009

Registration begins **April 15**. The registration system is available Monday-Saturday, 7:00 a.m. – midnight and Sunday, 6:00 a.m. – 7:00 p.m. Please be aware that incomplete applications, prerequisite requirements or Academic and Probationary issues may cause the system to disallow registration. We encourage you to pay with a credit card when you register. Those wishing to pay by cash or check have three business days to do so. Students who do not pay within three business days from the time of registration, may be dropped.

You may register on the day of your appointment or any day thereafter.

To determine your priority registration date and time, you need to know your category level (A, B, C, D, E, or F) based on your student status. To confirm your category, log on to www.valleycollege.edu. **Be sure to calculate both the number of units completed at SBVC and the number of units you are currently taking.**

Once you have determined your category level, you will be assigned a date to register. If you do not register on the published date, you may register on any date up until the deadlines posted at the top of this page.

CALCULATE YOUR FEES

Each course listed in the schedule will tell you how many semester "units" of credit have been assigned to it. Your fees will be based on these units. Use steps A, B, C and D below to do a preliminary calculation of your fees:

- A. If you are a resident of California, multiply the number of units you will be taking by \$20 and enter the total here: _____
 (Example: If you are taking 6 units, the total will be \$120.)

Note: If you are not a resident of California, multiply the number of units by \$214. Students who are both citizens and residents of a foreign country will also be required to pay a Capital Outlay fee of \$5 in addition to the non-resident fee.

- B. Add the required Health Fee of \$14
- C. Add the required Student Center fee. To do this, multiply the number of units you will be taking by \$1 per unit. (Example: If you are taking 3 units the fee will be \$3.) The maximum amount paid annually for

the Student Center fee is \$10. The computer will keep track of this for you.

- D. Add a \$1 Student Representation fee. (This fee may be waived for moral, financial, political, or religious reasons.) Use the fee payment coupon to note your reason for requesting a waiver for this fee.

Add the totals of items A, B, C and D above:
 A) _____ + B) \$14 + C) _____ + D) \$1 = _____.

Your preliminary calculations will be confirmed when you register by telephone or on the web.

You will also be given the option of purchasing an Associated Student (AS) Discount Sticker for \$5. If you decide to purchase an AS Sticker, you will be able to attend college sporting events, dances and other campus activities for free. In addition, you will receive discounts from many area businesses when you show your AS Sticker. Finally, showing your AS Sticker to the campus Bookstore cashier will enable you to receive a 5% discount on the cost of your textbooks!

An online alternative to the printed schedule!

<http://www.valleycollege.edu/eSchedule>

eSchedule was created to speed up the registration planning process and provide quick and easy access to a complete listing of Summer 2009 classes.

The eSchedule gives students the option of downloading the entire semester schedule of classes onto their PC's hard drive so that internet delays or high usage of the website during peak registration hours/days does not delay retrieval of that information. Automatic updates can be downloaded in a matter of seconds.

The real beauty of the eSchedule is that you can see which courses are still available when you are scheduled for priority registration. Note: A link will take you to Campus Central to register.

Feedback and ideas regarding this site would be appreciated. We want this site to work for you.

SBVC STUDENT PROFILE

Rolando Hernandez and Delfina Mendoza

Delfina Mendoza's father's death was a traumatic and devastating blow. Without any therapy or counseling, young Delfina blamed herself and her life took a turn that, unbeknownst to her, would lead her to a quarter-century of abusing drugs and alcohol.

A few short years later at age 21, Delfina was married and had a son named Kenny followed by a daughter named Karina. In 2003, Delfina's own 17-year old daughter confronted her mother about her addictive lifestyle.

The next day, on September 20, 2003, Delfina walked into a Narcotics Anonymous meeting. Seven days later her husband followed and they embarked on the difficult journey to break free from addictions that held so much power over their lives.

Part of this journey led Delfina to return to school and she wanted to bring her nephew Rolando Hernandez with her. Rolando was also in recovery, had just been released from prison, and was a cancer survivor.

"My Aunt Delfina said it was time for us to do something with our lives and she wanted both of us to go to college," Rolando said. "I was content to just hang around and collect Social Security and didn't know if I could do it after being in jail, and recovering from my addictions and cancer," Rolando said.

In October of 2005, they shrugged off the challenges of their collective past and set out on a new journey as college students at San Bernardino Valley College. Rolando and Delfina (age 29 and 43, respectively, at the time) both enrolled in Human Services classes and later joined the Puente Program.

"On the cover of the course catalogs at SBVC, it says 'Your future starts here' and it's really true," Rolando said. "It was hard to balance being a student with my fears, but I learned to live life to the fullest every day after surviving cancer because there's no promise of tomorrow."

SBVC STUDENT PROFILE

Jasmine Kotsay

On Monday, August 18, 2008, Jasmine Kotsay was one of thousands of new San Bernardino Valley College students finding their way around an unfamiliar campus on the first day of Fall semester classes. Navigating the sidewalks and hallways in search of classrooms, hunting for the nearest restrooms and selecting textbooks in the Bookstore are just a few of the stress-laden challenges that test the motivated spirit of a new student embracing the first few days of a fresh school year.

Now try to do it with your eyes closed. And then again the next day. And the day after that.

After getting connected with Disabled Student Programs & Services (DSP&S) and the DSP&S High Tech Center, many of her fears were eased as professors accommodated Jasmine's needs. All of her math exercises were Brailled (translated into Braille) and she was able to listen to her textbooks on CD as she adjusted to what she knew would be a heavy academic workload.

"I reminded myself of the same thing I tell other people—that just because you're blind, it doesn't mean you can't live," Jasmine said. "Blindness is not what defines me, yet there are many things that do."

For Jasmine, one of those defining qualities is the desire to help teach children who are blind. Because of the positive impact that teachers had on her life as a child, Jasmine's goal is to earn liberal arts and special education degrees to return the favor for future generations.

"I love to help people and I feel like I can be a good asset to somebody who wants to learn," Jasmine said. "My parents, who are both SBVC graduates, have pushed me to go after my dreams and do whatever I need to do in order to fulfill them. My parents and teachers said I can do anything I put my mind to, and I want to share that with my students someday too."

"My parents never told me that I had a disease and I don't see it as a disability," Jasmine said. "Of course there are things that I can't do, but, then again, there are things that lots of people can't do."

General Information

The Office of Distributed Education coordinates the televised and computer-delivered courses available to the students of Crafton Hills College in Yucaipa and San Bernardino Valley College in San Bernardino. Telecourse sections are broadcast by KVCR-TV, channel 24, and generally have five meetings on campus. Requirements for Online Courses

Although each class has its own set of technical requirements, generally online classes require a computer with a "modern" operating system (Mac OS X or Windows 2000 or Windows XP), a connection to the internet (usually an Internet Service Provider), a CD-ROM drive, speakers and/or headphones, and the ability to download plug-ins or clients to run on your computer.

How to Succeed In a Telecourse or an Online Course

Successful students claim that determination, planning, and self-motivation are needed to complete a course that lacks the regular meetings of an on-campus structure. Here is a plan of action that might help you.

1. For a telecourse, attend the first on-campus meeting to meet the instructor, understand the course goals and requirements, and receive the course syllabus and assignments. For an online or hybrid course, access the instructor's web site to get a copy of the syllabus and learn what is expected of you as a student.
2. Read the study materials related to assignments as presented by the instructor. Take notes and highlight important information.
3. For a telecourse, watch the programs weekly. If you have a VCR, record the programs to review them or make an appointment at the college Learning Center to view the programs. For an online or hybrid course, log in to your online server several times a week to keep up with new messages from the instructor and classmates.

4. For a telecourse, complete the assignments in the telecourse study guide and textbook after each program viewing. For online and hybrid courses, be aware of due dates and don't wait until the last hour to send them.
5. Formulate a list of questions during your study time to present to the instructor at the telecourse on-campus meetings or to post to your online class or call the instructor during his or her scheduled office hour.
6. Form a support group with other members of the class to review and discuss the content of the course.

Are you a Candidate for a Telecourse, Online or Hybrid Class?

This assessment is provided to help you decide if TV, Online or Hybrid learning is appropriate for you. This exercise is an indicator but not a definitive answer. The assessment covers two parts: Learning Style and Technical Aspects.

Learning Style

- Do you stay on task without direct supervision?
- Can you prioritize your own workload and adhere to timelines?
- Do you usually understand and properly interpret written materials especially instructions?
- Could you allocate as much time in your schedule as you would for a "traditional" class but with more flexibility?
- Are you able to attend some class meetings on campus (less than 6 a semester)?
- Would you enjoy the new experience of learning by way of television or a computer?

If you answered "YES" to the Learning Style questions, continue to the next section.

Technical Aspects for TV

- Do you have a television receiver available to you that can display broadcast channels?
- Can this television receive KVCR-24, either with an antenna or a cable system?
- Do you have a video recorder as an option to record the programs for viewing according to your schedule?
- If you miss a program, could you go to the campus Learning Center to view the program?
- Would you be willing to lease the programs for a course on VHS tape as an option?

If you answered "YES" to the TV questions, you meet the conditions for telecourse delivery.

Technical Aspects for ONLINE and HYBRID

- Do you have a computer system available to you that can access the Internet?
- Could you "go online" on a weekly basis, sometimes twice a week or more?
- Have you opened and sent e-mail messages?
- Have you installed a program after "downloading" it from a remote computer to your computer? Do you

know how to "copy and paste" text from a word processing document to an email message?

If you answered "YES" to the ONLINE questions, you meet the conditions for online delivery.

Conditions

The TV and Online courses require structure, which you will create for yourself. You will need self-discipline to adhere to your self-made schedule. Much of the material covered in a Distributed Education course will require that you learn from reading textbooks, Internet-based articles, and written materials from the instructor. For some of the courses online, lectures are recorded by the instructor, which means you must use either a cassette player or a CD-Rom drive with headphones or speakers.

Benefits

The beauty of Distributed Education learning is the flexibility of time available for you, as the student, to access the virtual classroom or to view TV programs. You can set your class time around your work schedule and family or social activities. You will soon realize the savings normally incurred with driving time and vehicle-related costs. If you take only D.E. courses you won't have to deal with parking constraints on a weekly basis. Plus,

there may also be a reduction in childcare costs. You could also benefit by combining D.E. courses with traditional classes. Now it's your choice. Check with an Academic Counselor to determine which classes you need, then see if they are listed in this schedule. Distributed Education may not be for everybody. However, for those who are self-motivated, it could prove to be an invaluable experience.

Are Online Classes right for me?

Online classes require discipline and self-motivation. If you have these qualities, online classes might work for you. Please visit this website for some self-assessment tools to determine whether online classes fit your learning style and your lifestyle:

http://www.cvc4.org/student_prepare/quizaccess.htm

What are the Minimum Technology requirements?

Although each class has its own set of technical requirements, generally online classes require a computer with a "modern" operating system (Mac OS X or Windows 2000 or Windows XP), a connection to the internet (usually an Internet Service Provider), a CD-ROM drive, speakers and/or headphones, and the ability to download plug-ins or clients to run on your computer.

Please see the list of classes below and visit the Universal Access Point (the URL listed in the next paragraph) for specific technical requirements for each section. If you have access to this technology, you probably have the minimum requirements to take the classes listed below. But please check each section for the specific technical requirements.

What to do after I register for an online or hybrid class?

The Universal Access Point for information for all online and hybrid classes is:

<http://online.valleycollege.edu>

Before the semester begins, point your browser to this web page and you will be able to find your online or hybrid class and be linked to all the information you need to begin that class. The information for each online class might be different. So be sure to visit the link for each online and/or hybrid that you have chosen. Do NOT assume that the technical requirements or the processes and procedures for each class are the same.

This Universal Access Point is your gateway for all the information you need to begin your online and/or hybrid classes. In addition, this Universal Access Point will provide you with people to contact if you have further questions about any online and/or hybrid class.

For career exploration, the Transfer & Career Center provides off-campus placement (which includes referrals and on-campus interviewing), the Eureka career exploration program, and WorkAbility III for placement of students with disabilities. Eureka career exploration program is available on the computer. Students may also do a job search via the Internet using CalJOBS or other websites. In addition, the Transfer & Career Center has a

large number of resources to assist students with interviewing techniques, resume writing and job market projection. These resources include computer programs, videos, books, journals and other written materials.

Cheating and Plagiarism

It is the belief at San Bernardino Valley College that students share a responsibility with their instructors for assuring that their education is honestly attained. In keeping with this belief, every instructor has the responsibility and authority to deal with any instances of plagiarism, cheating and/or fabrication that occur in the classroom. Examples of academic dishonesty include (but are not limited to) the following:

Plagiarism: Plagiarism is the act of presenting someone else's work as one's own. Examples include:

- Copying and pasting text from websites or other electronic sources and presenting it in an assignment as your own original work.
- Copying and pasting text from printed sources (including books, magazines, encyclopedias or newspapers) and presenting it in an assignment as your own original work.
- Using another student's work and claiming it as your own original work (even if you have the permission of the other student).

Cheating: Cheating is the act of pretending (or helping others to pretend) to have mastered course material through misrepresentation. Examples include:

- Copying from another student's test or assignment.
- Allowing another student to copy from your test or assignment.
- Using the textbook, course handouts, or notes during a test without instructor permission.
- Stealing, buying or otherwise obtaining all or part of a test before it is administered.
- Selling or giving away all or part of a test before it is administered.

- Having someone else attend a course or take a test in your place.
- Attending a course or taking a test for someone else.
- Failing to follow test-taking procedures, including talking during the test, ignoring starting and stopping times, or other disruptive activity.

Fabrication: Fabrication is the intentional use of invented information. Examples include:

- Signing a roll sheet for another student.
- Giving false information to college personnel.
- Answering verbal or written questions in an untruthful manner.
- Inventing data or sources of information for research papers or other assignments.

As members of the San Bernardino Valley College learning community, students are not to engage in any form of academic dishonesty. Any act of academic dishonesty will be considered a very serious offense that is subject to disciplinary action. The consequences of academic dishonesty may include receiving a grade of "F" for a class or possible expulsion from the college.

Children on Campus and in the Classroom

All children (with the exception of high school students who have been admitted to the college) must be accompanied by an adult while on campus. Children are not allowed in the classroom under any conditions and are not to be left unattended in any campus facility. Should this occur, the District Police should be notified immediately.

Complaints

Any complaint about a grade, an instructor or course content should be made to the instructor involved, then to that instructor's Department Chair, then to the Division Dean of that department.

Credit Hours (Units)

One credit is awarded for each 16-18 lecture hours of instruction, or for 48-54 laboratory hours, or for appropriate combinations of lecture and laboratory hours. For each hour in lecture, students are expected to spend at least two hours of work outside of class engaged in reading, completing assignments, or other activities related to the course.

Non-Discrimination Policy

San Bernardino Community College District and its two colleges, San Bernardino Valley College and Crafton Hills College, are committed to non-discrimination. Our goal is to provide equal opportunities for all community members in all areas of the college including admission, student financing, student support facilities and activities, and employment. Federal laws and District policies strictly prohibit all types of discrimination, including sexual harassment and inequities based on race, color, religion, sex, age, marital status, physical disabilities or mental impairments, or sexual orientation. The District's non-discrimination policies are supported by the requirements of Titles VI and VII of the Civil Rights Act of 1964, as amended; Title IX of the education amendments of 1972; the Age Discrimination in Employment Act of 1975; and sections 503 and 504 of the Rehabilitation Act of 1972, as amended, and the Americans with Disabilities Act. San

Bernardino Valley College is further committed to overcoming sex discrimination and sex stereotyping in vocational education programs. In addition, the lack of English language skills will not be a barrier to admission and participation in vocational education programs.

Students, job applicants, and employees may complain of any action which they believe discriminates against them on the above-cited grounds.

For information regarding the college's non-discrimination policy or to file a complaint, contact the Vice Chancellor of Human Resources and Employee Relations, District Building, SBCCD, 114 South Del Rosa Drive, San Bernardino, CA 92408. You may also call (909) 382-4041.

For information regarding the requirements of Section 503 and 504 of the Rehabilitation Act of 1973 or to file a complaint, contact the Vice President of Student Services, San Bernardino Valley College (Administration/ Student Services Building, Room 200).

Students who wish to be graded in any class on a Pass/No Pass basis must file the appropriate form in the Admissions & Records Office (AD/SS Building, Room 100). The paperwork must be filed no later than the end of the first 30% of the course. Once Pass/No Pass has been selected as a grading option, a letter grade (A-F) cannot be issued.

Prerequisites, Corequisites, Departmental Advisories, and Limitations on Enrollment

Course information in this schedule of classes may include a prerequisite, corequisite, departmental advisory and/or other limitations on enrollment. A prerequisite is a course or skill that must be completed prior to enrolling in the course. A corequisite is another course that must be taken during the same semester as the course in which

you would like to enroll. A departmental advisory is not required, but is a suggested course that would be helpful for you to have completed prior to enrolling.

Students may challenge a prerequisite or corequisite on one or more of the following grounds:

- The student can demonstrate that he/she has the knowledge or ability to succeed in the course or program despite not having satisfied the prerequisite or corequisite.
- The student will be subject to undue delay in attaining his/her educational goal as outlined in his/her student education plan because the prerequisite or corequisite course has not been made reasonably available.
- The prerequisite or corequisite is unlawfully discriminatory or is being applied in a discriminatory manner.
- The prerequisite or corequisite has not been established in accordance with the District's approved process for establishing prerequisites or corequisites or was established in violation of Title V.

It is the student's responsibility to provide documentation to support the challenge. The challenge must be filed in the appropriate Academic Division Office no later than the first week of class. The college will process the challenge within five working days and the student will be advised of the approval or denial. For information on challenging a prerequisite, speak to the Matriculation Coordinator by calling (909) 384-8996.

Probation and Dismissal

A student will be placed on Academic Probation when his/her current or cumulative grade point average following completion of 12 or more units falls below 2.0. A student will be placed on Progress Probation if, following completion of 12 or more units, he/she receives non-evaluative symbols of "W," "I" and/or "NC" in 50% or more of the units in which he/she has enrolled. A student on Academic or Progress Probation may be dismissed for one semester when one or more of the following conditions exists:

- The student has earned a cumulative grade point average of less than 2.0 for three consecutive semesters.
- The student has received non-evaluative symbols of "W," "I" and "NC" in 50% or more of the units for which he/she was enrolled for three consecutive semesters.
- The student has been on Academic and/or Progress Probation for three consecutive semesters.

Students experiencing problems in any class are encouraged to consult with the instructor and a counselor.

Refund Policy for Fees

If a class is cancelled by the college, enrollment and/or non-resident enrollment fees will be refunded in their entirety. If the cancellation results in a student's withdrawal from the college, refunds of the mandatory fees will apply.

If a student drops a class during the registration period and before the first day of the class being dropped...

You will be mailed a refund of enrollment, health and student center fees, minus a \$10 processing fee.

You are eligible for a partial refund:

1. If student withdraws during the first two weeks of full-term classes or during the first 10% of a short-term class, enrollment fees or non-residential fees will be refunded.
2. If a change of program within the first two weeks of full-term classes or during the first 10% of a short-term class results in a reduction in the number of units taken, the enrollment fee will be refunded at the per unit cost of the reduction.

All other fees are non-refundable after the first day of classes.

Refunds of less than \$15 will not be processed.

You are NOT eligible for a refund:

If you drop a class after the first 10% of the class.

In all cases...Allow 6-8 weeks for all refund checks. Please be sure the college has your current address. If you wish to apply the refund credit toward registration in another class, you must submit the drop and add at the same time.

Refund Policy for Parking Permits

To be eligible for a refund of the parking permit fee: (a) all classes must be cancelled by the college and such cancellation must result in a student's withdrawal from the college or (b) the student must withdraw from all classes PRIOR to the first day of instruction. The parking permit must be attached to the refund request. Refund Request forms are available through the Campus Business Office, Administration/Student Services Building, Room 206.

Repeating a Course

A student may take a course only once. There are two exceptions to this statement. First, if a course number includes x2, x3, or x4, then the course may be taken 2, 3, or 4 times. Second, if a student receives a "D," "F," or "NC" grade, he/she may take the course one additional time. If necessary, a student receiving a "D," "F" or "NC" may petition the Committee to take the class a third time. The petition is subject to approval or denial based on the rationale provided.

Residency

California Residents: The following conditions establish college residency status:

1. If the applicant is less than 18 years, his or her parents or guardian must have resided within California for 12 consecutive months preceding the first day of the semester.
2. If the applicant is 18 years but not yet 19 years of age, the applicant and the applicant's parents must have resided within California for 12 consecutive months preceding the first day of the semester.
3. If the applicant is 19 years or older, the applicant must have resided within California for 12 consecutive months preceding the first day of the semester.

Non-California Residents: Out-of-state applicants may be admitted to San Bernardino Valley College under the following conditions:

1. Applicants who are not residents of California as of the day immediately preceding the first day of classes in any given semester or summer session must pay non-resident tuition fees.
2. Members of the United States armed forces stationed in California on active duty (except those assigned for educational purposes) are exempt from non-resident tuition for the duration of their attendance at a community college as long as they remain on active duty. Dependents are entitled to a waiver of the non-resident fee until they have resided in the state the minimum time necessary to become a resident.
3. SBVC, in compliance with California law, will classify students as California residents, for tuition purposes, if they meet the following criteria:
 - You have attended a California high school for at least 3 years
 - You have a high school diploma (or equivalent).

Sexual Harassment Policy

Sexual harassment of students or employees in the academic and work environments violates both federal and state law and district policy, and it will not be tolerated. It also violates law and policy to retaliate against any individual for filing a complaint of sexual harassment, or for participation in the investigation or resolution of a formal or informal, written or oral complaint of sexual harassment. Unlawful harassment on the basis of sex includes, but is not limited to, classroom conditions, grades, academic standing, scholarships, recommendations, employment opportunities, disciplinary action, or any other aspect of college life within the control of the District. Complaints of sexual harassment may be registered with the Vice Chancellor of Human Resources and Employee Relations, District Building, SBCCD, 114 South Del Rosa Drive, San Bernardino, CA 92408, or may be reached by calling (909) 382-4041.

Standards of Student Conduct

In the classroom: Students are expected to take responsibility for helping to create a quality classroom environment. Students are expected to show:

1. **Respect for the instructor:** This includes arriving on time, staying for the entire class period, bringing assignments, textbooks and other appropriate materials to class, refraining from talking while the instructor or classmates are making a presentation, turning off cell phones and other electronic devices during class periods, and using a moderate, mature and respectful tone when participating in group discussions.
2. **Respect for other students:** This includes using appropriate language in public areas and refraining from physically or verbally harassing others in any way.
3. **Academic honesty:** Lack of honesty in the classroom is considered a very serious offense. Any form of cheating on tests or assignments, turning in work that is not one's own (i.e., plagiarism), talking during tests, furnishing false information to college personnel, or knowingly misrepresenting oneself to the college is

grounds for disciplinary action. The consequences of cheating are severe and may include receiving a grade of "F" for the class or possible expulsion from the college.

4. **Instructor's rights:** An instructor has the right to remove a student from class at any time he or she considers a student's actions to be interfering with a proper collegiate environment. The instructor may also refer the incident to the administration for disciplinary action as warranted.

On the campus: Creating a proper campus environment is also very important for academic and individual success. The SBCCD Board of Trustees has established district-wide standards of student conduct which will be enforced at all times. These rules of conduct are particularly important in large common areas such as the Cafeteria, Bookstore, vending areas, campus quads, and other highly frequented areas.

See Board Policy 5500 for additional information about student conduct.

Student Grievance Policy

In accordance with Board Policy 5530, a student may initiate a grievance against a college employee for any of the following reasons:

- An act or threat of intimidation
- Any arbitrary action or imposition without proper regard to due process

Any student who wishes to discuss a grievance must first attempt to resolve the issue by contacting the employee. The next step requires a conference with the employee's immediate supervisors (first the Department Head, then that employee's Division Dean). Written documentation at each step is necessary, particularly if a grievance is filed. If the alleged problem is still unresolved, the student may request a formal hearing by contacting the Vice President of Student Services in the Administration/ Student Services 200. Before a formal hearing is filed, the student must review Board Policy 5530. For further detail, see page 28 of the 2008-2009 College Catalog.

Transfer to the California State University (CSU) and the University of California (UC)

Students who plan to transfer to the UC should refer to the UC Transfer Course Agreement (TCA) for any credit limitation that may apply to courses for their transfer course unit calculation. The TCA may be accessed through ASSIST at www.assist.org. ASSIST provides the most accurate and up-to-date information available about student transfer in California.

Although a course may be designated as transferable to the CSU and/or UC, it may not meet IGETC, CSU GE-Breadth, or major preparation requirements. Major preparation varies from university-to-university at both the UC and CSU.

Students should consult with a counselor and review general education and major requirements. Transfer university representatives meet with students in the Transfer and Career Center.

How Long Will It Take To Complete My Degree?

San Bernardino Valley College offers associate degrees and a wide variety of certificate programs.

The amount of time it will take to complete your associate degree will depend on whether you are attending full-time or part-time, and on your level of preparation and the number of prerequisite courses you are required to take. Typically, a student attending full-time with few prerequisite requirements could complete an associate degree in two years. Students attending part-time could take as long as four or five years.

The amount of time it will take to complete your certificate program will depend on whether you are attending full- or part-time, the number of units required for the certificate, the rotation of courses over a one- or two-year sequence, and on the number of prerequisite courses you are required to take. A very limited number of certificate programs can be completed in one semester. The majority will take one or two years if you attend full-time. Consult with the vocational advisor for your program. A list of vocational advisors is found in this schedule.

The San Bernardino Community College District was recently awarded a \$2 million grant from the U.S. Department of Labor to sustain its Nanotechnology program and for establishing a California Nanotechnology Collaborative including a Center for the Advancement of Nanotechnology (NanoCenter). The grant is part of the nearly \$123 million awarded by the DOL to community colleges and community-based institutions that competed successfully under the President's Community-Based Job Training Grants Initiative. The NanoCenter will provide nanotechnology training (not-for-credit) for preparing the workforce in this emerging high technology field. Our major partners in this new nanotechnology training grant include University of California, Riverside; NASA; Workforce Investment Board (WIB); California Community College Chancellor's Office and San Bernardino Valley College.

Summary of Nanotechnology Grant Project Funded by US Department of Labor

Prepared by Dr. Matthew Isaac, Executive Director,
Economic Development and Corporate Training

The Donald F. Averill Applied Technology Training Center (ATTC) of the San Bernardino Community College District won a \$2 million competitive grant for Nanotechnology from the US Department of Labor in January 2009. This is the only grant awarded to a college this year for Nanotechnology by DOL under the President's Community-Based Job Training Initiative. The ATTC was one of the 68 organizations in the US that successfully competed and won this grant in response to a competition announced October 10, 2008.

The overall goal of this grant project is to advance the economic development opportunities of Nanotechnology by providing a pipeline of trained workforce and bring about job development and wealth creation in our region. The specific objectives of this \$2 million grant project are: 1) Create a California Nanotechnology Collaborative to serve as an Advisory Council for the development and advancement of Nanotechnology Training at the ATTC; 2) Train workers for entry-level jobs as technicians in nanotechnology-based industries; 3) Develop a Center for the Advancement of Nanotechnology (**NanoCenter**) as a technical resource center for the 110 California community colleges in the State; 4) Introduce participants to various career pathways at the two-year, four-year and graduate level opportunities in nanotechnology; and 5) Promote Science, Technology, Engineering and Mathematics (STEM) and career pathways for middle and high school students.

In 2007, Dr. Matthew Isaac, Executive Director, competed and won a \$400,000.00 grant from the Economic and Workforce Development Division of the California Community Colleges Chancellors Office. As the only successful Nanotechnology project funded by the Chancellor's Office, this project served as a pilot program in providing nanotechnology training to manufacturing companies in Southern California. This program introduced executives, managers, scientists and engineers to applications of nanotechnology in manufacturing in partnership with California Institute of Nanotechnology based in San Jose. This grant from the Chancellor's Office provided ATTC the needed seed money to incubate a nanotechnology training program and to compete and win the \$2 million DOL grant. The DOL grant will increase our capacity for delivering training and enable us to meet the anticipated increase in demand for highly-skilled, highly-trained nanotechnology workers.

A curriculum has been developed in partnership with Bourns College of Engineering at the University of California, Riverside. The Nanotechnology training program will consist of 90 hours of hands-on training that introduces participants to Nano Characterization, Micro/Nanofabrication, Materials Characterization, Device Characterization, Electronic Devices, and Optoelectronic Devices. The Nanotechnology training will be mostly conducted at the ATTC facility and some components of the hands-on training will be held at the Bourns College of Engineering at UCR. Equipment will be acquired and placed at both UCR and ATTC.

The major partners in training delivery are: the Bourns College of Engineering at the University of California, Riverside, NASA Ames Research Center for Nanotechnology, and State of California Community Colleges Chancellor's Office. Other partners for outreach, marketing and recruitment are: the Workforce Investment Board (WIB), the Centers of Applied Competitive Technologies (CACT), San Bernardino Valley College, San Bernardino County Superintendent of Schools, the Community Action Partnership, Pacific Nanotechnology, Advatech Pacific, IBEW/NECA, NPD Corp., Operation Grace/Grace Chapel, and the Praise Chapel Christian Fellowship of Monrovia.

Albert Maniaol, Director, and Dr. Matthew Isaac, Executive Director, are the Primary Investigators of this grant.

Nanotechnology is the science of manipulating materials at the atomic level to design and manufacture new and better materials and products. One nanometer equals one billionth of 1 meter. A sheet of paper is about 100,000 nanometers thick. Due to quantum mechanical effects at the nanoscale, the physical properties of materials change as well as rules of manufacturing.
