# Welcome to San Bernardino Valley College!

*Follow these easy steps that it will take you from application to registration.*

## STEP 1. APPLICATION (ADMISSIONS)

An application must be completed by all **NEW** students and returning students who have had a break in enrollment. You may apply online at <http://www.valleycollege.edu> and click on "Apply For Admission."

Upon completion of the application process, you will be sent a **Student Identification Number (new students)** by e-mail. This is mandatory for all the other steps of enrollment! Additional information is available on page 5 or by calling the **Admissions Office: (909) 384-4401**.

## STEP 2. ORIENTATION

Orientation will inform you how the college system works for you! You will learn about Student Support Services, Financial Assistance, Clubs and Organizations, Academic Success Tips, How to Establish an Educational Goal, Course Requirements for Associate, Certificate, and Transfer Programs, rights and responsibilities as a student, and other information for your academic success.

After Orientation, you will need to schedule an assessment appointment. (If you prefer further guidance, you may meet with a counselor later during the semester to develop a long-term education plan. You can register for SDEV 010 – a course in Educational Planning)

## STEP 3. ASSESSMENT

After completing your orientation, you must take the assessment exam for placement into **English, reading and math, or ESL (English as a Second Language)**. Appointments can be made by calling the **Assessment Office: (909) 384-8955** or in person in the Assessment Center, AD/SS 101 or in the Admissions and Records Office, AD/SS 100. You may also visit: <http://www.valleycollege.edu/student-services/counseling/assessment>.

Note: Assessment testing begins promptly at the times designated, so do not be late. You **must** bring your **Student Identification Number** and a **valid photo identification card**.

## STEP 4. REGISTER FOR CLASSES

## FEEs, PAYMENT OPTIONS & YOUR RESPONSIBILITIES

SBVC is one of the most affordable colleges in the country, but it isn't free. You are responsible for all fees related to your enrollment.

As a student at SBVC, you are responsible for registering for your classes, paying your fees, and if necessary, dropping your classes. If your fees are not paid in full, the college may drop you from your classes, **but this may not happen, and you should not rely on it.** If you do not drop your classes, you owe the fees, and may receive failing grades. So please – pay your fees on time and drop any classes that you can't complete.

### RESIDENCY

**To be declared a California resident**, you must have been physically present in the state, continuously, for a year prior to the beginning of the term during which time you must have taken steps to make California your permanent residence. In matters of residency, the burden of proof lies with the student. **If the applicant is not 18 years or older**, s/he may derive residency status from their parents (or guardian) if the parent (or guardian) has established residency according to the above standard.

**Non-California Residents** are welcome to attend SBVC but are required to pay non-resident tuition, as well as the enrollment fees paid by California residents.

**Members of the United States armed forces** stationed in California on active duty are exempt from non-resident tuition for the duration of their attendance at a community college as long as they remain on active duty. Spouses and dependents are entitled to a waiver of the non-resident fee as long as they are continuously enrolled.

### AB 540

1. SBVC, in compliance with California law, will waive non-resident tuition for non-resident students if they meet all of the following criteria:
  - You have attended a California high school for at least 3 years
  - You have a high school diploma (or equivalent)
  - You have applied for legal status – or will sign an affidavit stating your intent to do so.

As a student of the San Bernardino Community College District, you are provided with a student email account. This is true regardless of where you are enrolled – San Bernardino Valley College campus or the Crafton Hills College campus. The email account is created at the time your application to either campus is accepted and will remain active for one year after you stop attending school. The San Bernardino Community College District uses this email account as one of its official channels of communication with its students. This means that faculty and staff will send broadcasts or tailored messages to this account, and it is your responsibility as a student to either check this account for email on a periodic basis or forward your email to another account that you do use regularly.

Instructions on how to forward email are provided at "General Student Email Information."

If you are a dependent student and your parent is in a Registered Domestic Partnership, you will be treated the same as a student with married parents and income and household information will be required for the parent's domestic partner.

**Dr. Julie Kay Armantrout Kasarjian**

Julie K. A. Kasarjian, MD, Ph.D., has always been active, attracted to both science and the performing arts. Accomplished dancer and equestrian competitor, she achieved undergraduate degrees in biology and dance at UC Irvine. Teaching dance at a local studio while dancing professionally in Long Beach, L.A. and Hollywood, led her to purchasing the business. Improved staff and better business practices created a top quality environment for both students and teachers. Then satisfied, she sold it to a trusted employee, and returned to her dream of a career in medicine.

Reinforced academics at San Bernardino Valley (1997-98) and Crafton Hills Colleges led to acceptance at Loma Linda University where she earned her Ph.D. and MD degrees. She completed her residency in Emergency Medicine at Harbor-UCLA, and then returned to her roots and birthplace as a physician at Redlands Community Hospital. She serves as the Reimbursement Director and Scribe Program Manager at Redlands, and is a CEP America partner and member of the Innovation and Development committee and Ambassador program. She also is part-time faculty at Loma Linda University and UC Riverside teaching medical students and residents.

She is grateful for the loving support of her friends and family. Her parents, Leon and Margie Armantrout, are encouraging and guiding examples of career and community involvement.

Her equally supportive husband Eric, an Esri employee and member of local non-profit and charitable organizations, is her love and anchor along with cherished canine, equine, and feline companions who make sure she remains healthy and smiling.

## Dr. John Husing

Dr. John Husing is a research economist specializing in the study of Southern California's growing economy with particular emphasis on the Inland Empire and the Coachella Valley. Over the past 46 years, his extensive studies have led to economic strategies for cities and counties, transportation and water agencies, housing developers and environmental entities. He has undertaken detailed studies for the Coachella Valley economic Partnership in every year from 2000 to 2010. His work always combines a blend of economic analysis with interviews of key executives and entrepreneurs in the areas he is studying.

Dr. Husing has an unique viewpoint of our political process, having managed over 100 partisan and non-partisan campaigns. His ability to blend economic analysis and public policy considerations was acknowledged in 2007 when the Los Angeles Times named him as one of the 100 leaders "wielding the most influence over Southern California." In 2009, he was acknowledged as the Arrowhead Distinguished Executive of the Year by California State San Bernardino.

Dr. Husing's eclectic career has remarkably included managing a Nevada casino, running for Congress in his twenties, teaching college and running the world's largest white water rafting company. Dr. Husing enjoys a less studious life as an adventurer, taking treks into uncharted territories as well as traveling to 56 different countries. In recent years, he has twice entered the unexplored jungles of New Guinea to make first contact with previously undiscovered stone-aged tribes. Dr. Husing has traveled throughout most of Africa and his last major trip was trekking over the Himalayas from Nepal into Tibet. He finds time as an amateur genealogist by tracing his American heritage back 12 generations to ancestors on the Mayflower.

## Gene H. Stull

Gene H. Stull attended San Bernardino Valley College in the early 1960s after serving in the Army as a helicopter mechanic. When he was discharged from the Army, Scholl was employed by La Mesa Helicopter Co. as a mechanic in San Bernardino where he maintained fire fighting helicopters on the San Bernardino National Forest.

He attended SBVC at night aiming for his Airframe and Powerplant License with Art Scholl. Once he gained his license, he began assisting Scholl in teaching classes on a part-time basis.

Stull continued working as a helicopter mechanic while getting his private pilot's license. In 1986, Stull opened his own company, Air Comm Systems, Inc., where there was a special need to equip helicopters and airplanes for public safety, such as police, border patrol, U.S. Customs and the Drug Enforcement Agency. In 1970, Air Comm set up their first FAA approved radio repair station.

Based in Rialto, Air Comm Systems, Inc. continued to grow during the 1970s and 1980s, equipping helicopters and airplanes for the U.S. Forest Service, U.S. Customs, the DEA and California Highway Patrol.

Rodriguez also was a middle school counselor and high school math teacher. Rodriguez completed two master's degrees and a doctorate in education in Administration, Planning and Social Policy from the Harvard Graduate School of Education. During his time at Harvard, he was president of Comunidad Latina, served on the admissions committee, was co-founder of the Alumni of Color Conference and served as a Teaching Fellow for three years.

Rodriguez, an assistant professor in Educational Leadership and Curriculum at Cal State San Bernardino, is the principal investigator of the PRAXIS Project (Participatory Research Advocating for Excellence in Schools), which is at San Bernardino and Colton high schools. Rodriguez travels across the Inland Empire to talk to students, teachers and community groups about the community's role in improving public education.

*"My fondest memory of SBVC is meeting my counselor, Laura Gomez. Before meeting her I was unsure of my pathway and what I needed to do to transfer. After setting my two year plan with Ms. Gomez, I kept that plan close and followed it. If it wasn't for her, I might have taken unnecessary courses with no purpose. Thanks to her I completed my courses in two years and transferred shortly thereafter."*

**Debi L. Stephens**

Debi Stephens attended SBVC in 1975, taking nursing prerequisite courses while working as a waitress at the Mediterranean Restaurant. In 1976, Stephens was accepted into the nursing program and went through five weeks of exposure to the operating room, which lead to her career. While completing nursing school, she was hired as a surgical technician in the operating room at St. Bernardine Medical Center. She graduated from nursing school in 1979.

Stephens has been a perioperative nurse for more than 35 years. She has developed three cardiac surgical programs and one cardiac specialty hospital, provided community education and collaborated with a local community college to establish a surgical technology program. Stephens also has participated as a surgical consultant nationally and internationally and has published a cardiac surgery nursing policy, procedure and orientation manual.

*"My fondest memory of SBVC revolved around my anatomy and physiology course in which we were each paired with a cat cadaver tucked in a sack, which we all fondly named and became our constant companion over the next several months as we learned the bone structures, muscles and internal organ anatomy. I would go home after class and promptly lay my friend out on the pool table to complete my lesson and hoped no one was up for a game of pool. The candlelight nursing pinning ceremony set the stage for the educational accomplishment, honor and the responsibility of the profession that was started so many years prior."*

**Kevin Goodly**

Kevin Goodly attended San Bernardino Valley College from 1982 to 1986. After graduating SBVC with an associate's degree, he transitioned to the University of California, Riverside and graduated in 1990 with a bachelor of arts degree in Religious Studies and K-12 Multiple Subject Credential. In 2000, Kevin completed his master's of arts degree in Educational Administration, from California State University, San Bernardino.

Since 1990, Kevin has been employed as a professional educator, taught at both the elementary and middle school levels and presently serves as principal of Lincoln Elementary School, San Bernardino City Unified School District.

*"The greatest impact that SBVC had upon my life was that it provided me with exposure to some really supportive instructors who took a personal interest in my academic success. In fact, the fondest memory that I have at SBVC was from my religious studies professor, Roger Schmidt. He informed me of an available scholarship for a philosophy major at SBVC and was present at the awards ceremony for me when I received it. Moreover, he presented me with a hand-written letter that advised me to obtain a Ph.D. in Religious Studies and parlay my knowledge into educating other students at SBVC as a professor. His encouragement served as the impetus for me to pursue a career in education."*

*"My advice to SBVC students today is the same one that I had received from my instructors when I attended: use your education in life to gain advantages and to help mentor others."*

## Irene Romona Obera

Athletics has always been an important part of Irene R. Obera's life. The San Bernardino native, who was an active league softball player, graduated from San Bernardino High School in 1951 and enrolled at SBVC. One of Obera's special memories from SBVC was a hand-written note from her English Composition instructor when her father passed away in the early 1950s.

After leaving SBVC, Obera transferred to Chico State College as a physical education major. Three years later, she took a leave of absence from Chico State and worked as a psychiatric technician at Patton State Hospital to earn money for school. She also finished courses she needed to receive her A.A. from SBVC. Obera earned her BA from Chico State in 1957 and was hired as a physical education teacher and recreation director for the California Youth Authority in Santa Rosa. A year later, she was hired as a physical education instructor with the Berkeley Unified School District. Obera also was a counselor, dean and principal of a continuation high school during her 34 years with the school district.

She earned her master's degree and administrative credentials from San Francisco State University in 1977. Obera has held Master World Records in the 100m, 200m and 400m in various age groups. In 1960 and 1968, she competed in the Olympic Trials (100m), garnering seventh place in 1960 and making the semi-finals in 1968. Obera has been inducted into the Chico State Sports Hall of Fame, the USA Masters' Hall of Fame, the Alameda County Women's Hall of Fame - Sports Division, and the Ethnic Sport Hall of Fame. In July 2011, she won first place in three events at the World Masters Athletic Games in Sacramento.

*"My advice to SBVC students today? Embrace something that can help you through tough times. Quotes or sayings that were posted as Food for Thought was my support team.: 'Nothing worthwhile comes easy,' 'A Quitter never wins and a winner never quits,' 'Today decides Tomorrow.' I read that every day."*

**Leonard Corbett**

Cooking became the theme in Leonard Corbett's life when he turned 13. He appeared on a TV cooking show in the 1950s called "Mike Roy's Kitchen," a precursor to popular shows today starring Paula Deen and Rachael Ray.

Corbett moved to the Inland Empire in 1966 and planned to be a respiratory therapist. But those plans changed and he began studying hotel and restaurant management at SBVC. Chef Bob Baldwin asked Corbett to teach gourmet cooking classes, which he did for two years. Corbett then met Joe Pitruzello, owner of Pitruzello's restaurant in Riverside. He learned the restaurant trade there before becoming a maitre d at the Mission Inn. Corbett bought a Pioneer Chicken franchise in Riverside and also opened two Corbett's Restaurant locations in Redlands, which are now closed. He and son Brian Corbett currently are the in-house caterers for Edwards Mansion in Redlands. Corbett also caters private dinners and events for fundraisers. His catering company, Corbetts et cie., has created many unusual-themed events including a strudel party and a Renaissance theme featuring large turkey legs, shepherd's pie and sweet lemon tarts.

His charity work includes the Associates of the Redlands Bowl, the Redlands Symphony, Kimberly Crest and Loma Linda University Children's Hospital.

# DISTRIBUTED EDUCATION

(Online & Hybrid Sections)

## General Information

The Office of Distributed Education coordinates all courses which are computer based in their delivery (to include Hybrid courses) and are available to the students of Crafton Hills College in Yucaipa and San Bernardino Valley College in San Bernardino. Online and Hybrid courses require accessibility to a computer system with an Internet connection. Some courses require some on-campus meetings. Fees and academic credits are the same as equivalent traditional classroom courses.

## Office Location

SBCCD Annex  
441 West Eighth Street  
San Bernardino, CA 92401  
(909) 384-4325

## Distributed Education Website

<http://dets.sbccd.org>

## Requirements for Online Courses

Although each class has its own set of technical requirements, generally online classes require a computer with a "modern" operating system (Windows XP or Windows 7), a connection to the Internet (usually an Internet Service Provider), a CD-ROM drive, speakers and/or headphones, and the ability to download plug-ins.

## Technical Support

Help Desk, (877) 241-1756  
24 hours/day, 7 days a week

## How to Succeed in a fully Online Course or Hybrid Course

Successful students claim that determination, planning, and self-motivation are needed to complete a course that lacks the regular meetings of an on-campus structure. Here is a plan of action that might help you.

1. For an online or hybrid course, access the instructor's website to get a copy of the syllabus and learn what is expected of you as a student.  
For a hybrid course, attend the first on-campus meeting to meet the instructor, understand the course goals and requirements, and receive the course syllabus and assignments.
2. Read the study materials related to assignments as presented by the instructor. Take notes and highlight important information.
3. Log in to your online server several times a week to keep up with new messages from the instructor and classmates.
4. Be aware of due dates and do not wait until the last hour to send them.
5. For a hybrid course, formulate a list of questions during your study time to present to the instructor at the on-campus meetings or to post to your online class or call the instructor during his or her scheduled office hours.
6. Form a support group with other members of the class to review and discuss the content of the course.

## Are you a Candidate for an Online or Hybrid Class?

This assessment is provided to help you decide if online or hybrid learning is appropriate for you. This exercise is an indicator but not a definitive answer. The assessment covers two parts: Learning Style and Technical Aspects.

### Learning Style

- Do you stay on task without direct supervision?
- Can you prioritize your own workload and adhere to timelines?
- Do you usually understand and properly interpret written materials, especially instructions?
- Could you allocate as much time in your schedule as you would for a "traditional" class but with more flexibility?
- Are you able to attend some class meetings on campus (less than 6 a semester)?
- Would you enjoy the new experience of learning by way of a computer?

If you answered "YES" to the Learning Style questions, continue to the next section.

### Technical Aspects for ONLINE and HYBRID

- Do you have a computer system available to you that can access the Internet?
- Could you "go online" multiple times a week?
- Have you opened and sent e-mail messages?
- Have you installed a program after "downloading" it from a remote computer to your computer? Do you know how to "copy and paste" text from a word processing document to an email message?

If you answered "YES" to the ONLINE questions, you meet the conditions for online delivery.

### Conditions

Online courses require structure, which you will create for yourself. You will need self-discipline to adhere to your self-made schedule. Much of the material covered in a Distributed Education course will require that you learn from reading textbooks, Internet-based articles, and written materials from the instructor.

### Benefits

The beauty of Distributed Education learning is the flexibility of time available for you, as the student, to access the virtual classroom or to view TV programs. You can set your class time around your work schedule and family or social activities. You will soon realize the savings normally incurred with driving time and vehicle-related costs. If you take only D.E. courses you won't have to deal with parking constraints on a weekly basis. Plus, there may also be a reduction in childcare costs. You could also benefit by combining D.E. courses with traditional classes. Now it's your choice. Check with an Academic Counselor to determine which classes you need, then see if they are listed in this schedule. Distributed Education may not be for everybody. However, for those who are self-motivated, it could prove to be an invaluable experience.

## Are Online Classes right for me?

Online classes require discipline and self-motivation. If you have these qualities, online classes might work for you. Please visit this website for some self-assessment tools to determine whether online classes fit your learning style and your lifestyle:

<http://www.cerrocoso.edu/studentservices/survey2.asp>

*What are the Minimum Technology requirements?*

Although each class has its own set of technical requirements, generally online classes require a computer with a "modern" operating system (Windows XP or Windows 7), a connection to the internet (usually an Internet Service Provider), a CD-ROM drive, speakers and/or headphones, and the ability to download plug-ins or clients to run on your computer.

Please see the list of classes below and visit the Universal Access Point (the URL listed in the next paragraph) for specific technical requirements for each section. If you have access to this technology, you probably have the minimum requirements to take the classes listed below, but please check each section for the specific technical requirements.

*What to do after I register for an online or hybrid class?*

The Universal Access Point for information for all online and hybrid classes is:

<http://www.valleycollege.edu/online-classes>

Before the semester begins, point your browser to this web page and you will be able to find your online or hybrid class and be linked to all the information you need to begin that class. The information for each online class might be different. So be sure to visit the link for each online and/or hybrid that you have chosen. Do NOT assume that the technical requirements or the processes and procedures for each class are the same.

This Universal Access Point is your gateway for all the information you need to begin your online and/or hybrid classes. In addition, this Universal Access Point will provide you with people to contact if you have further questions about any online and/or hybrid class.

## SERVICES AND POLICIES FOR STUDENTS

### Address Changes

Forms to change a mailing address are on the [www.valleycollege.edu](http://www.valleycollege.edu) website under Admissions and Records and *Frequently Used Forms* and in the Admissions Office (AD/SS 100). Identification is required for change of student information.

### Associated Student Government

The Associated Student Government (ASG) is the official student government organization. The ASG represents all SBVC students. The primary responsibility of ASG members is to represent student interests on college, district and statewide committees. Students can become active in ASG either by running for office during the Spring semester or by requesting an appointment during the Spring semester. The ASG Office is in Campus Center, Room 128 or call (909) 387-1614.

The Office of Student Life (OSL) assumes a leadership role in creating a campus environment that integrates the learning experience with academic curriculum. We provide opportunities to develop and enhance characteristics of leadership, interpersonal skills, and personal growth.

### ASB Discount Sticker

Students who purchase a sticker are entitled to many benefits including a 5% Bookstore discount, free admission to athletic events, and certain discounts at local businesses. The sticker is purchased at the point of registration or at the Bookstore after obtaining a student ID card. For more information, contact the ASG office at (909) 387-1614.

### Attendance

Students will be told at the beginning of each class exactly what is expected regarding attendance. The instructor's decision is final. In the event that an absence is unavoidable, students are responsible for notifying instructors. Failure to attend class meetings during the first week of a term may result in a student being dropped from the class.

### Auditing

Attending classes without formally registering is NOT permitted.

### Bookstore

The Bookstore, located in the Campus Center, Room 123, sells textbooks and a wide variety of supplies, software, sportswear, accessories, and gift items. The Bookstore has the upcoming session's textbooks available one week prior to the start of classes. Bookstore hours vary throughout the semester. Call (909) 384-4435 or visit their website at <https://bookstore.valleycollege.edu> for additional information.

### Check Acceptance Policy for the Bookstore:

- The check must be imprinted with a name and street address. (Post Office boxes are NOT accepted.)
- A phone number is required.
- The check must be made out to the "SBVC Bookstore" and will be accepted for the amount of purchase only.

### Refund Policy for the Bookstore:

- Textbook refunds are given the first two weeks of the Fall/Spring semesters and the first week of Summer sessions. Students enrolled in short-term classes have exactly one week from the start date of class for textbook return/exchange. After the above refund period, textbooks must be returned within 24 hours from the date of purchase in order to qualify for a refund. Textbooks purchased outside of the first two weeks of the semester are **not returnable**.
- Supplies will be refunded if the items are returned in new, unopened condition within three days from the date of purchase.
- An original register receipt and personal identification are required to exchange/return items. (Note that there will be a seven-day period from the day a check was written to the day a cash refund will be distributed.)
- To receive a full refund, new textbooks must be returned in new condition. If they are not but are in resalable condition, refunds will be granted at 75% of the new price.
- No refunds will be given on shrink-wrapped textbooks, reference books or special order books.

### Buyback Policy for the Bookstore:

Textbooks can be sold back to the Bookstore during the first and last week of each semester or session. (Please note that the Bookstore does NOT buy back workbooks.) The Bookstore will buy back textbooks at 50% of the new price and 50% of the used price if:

- The textbook has been assigned by an instructor for the upcoming semester.
- The book is in good condition.
- The book is on the Buyback "Guarantee" Program.
- The book is needed by the Bookstore.

A book wholesaler manages the buybacks and may also buy other books at up to 30% of the original price.

## Pass/No Pass

Students who wish to be graded in any class on a Pass/No Pass basis must file the appropriate form in the Admissions & Records Office (AD/SS Building, Room 100). The paperwork must be filed no later than the end of the first 30% of the course. Once Pass/No Pass has been selected as a grading option, a letter grade (A-F) cannot be issued.

## Prerequisites, Corequisites, Departmental Advisories, and Limitations on Enrollment

Course information in this schedule of classes may include a prerequisite, corequisite, departmental advisory and/or other limitations on enrollment. A prerequisite is a course or skill that must be completed prior to enrolling in the course. A corequisite is another course that must be taken during the same semester as the course in which you would like to enroll. A departmental advisory is not required, but is a suggested course that would be helpful for you to have completed prior to enrolling.

Students may challenge a prerequisite or corequisite on one or more of the following grounds:

- The student can demonstrate that he/she has the knowledge or ability to succeed in the course or program despite not having satisfied the prerequisite or corequisite.
- The student will be subject to undue delay in attaining his/her educational goal as outlined in his/her student education plan because the prerequisite or corequisite course has not been made reasonably available.
- The prerequisite or corequisite is unlawfully discriminatory or is being applied in a discriminatory manner.
- The prerequisite or corequisite has not been established in accordance with the District's approved process for establishing prerequisites or corequisites or was established in violation of Title V.

It is the student's responsibility to provide documentation to support the challenge. The challenge must be filed in the appropriate Academic Division Office no later than the first week of class. The college will process the challenge within five working days and the student will be

advised of the approval or denial. For information on challenging a prerequisite, call staff in the Counseling Office at (909) 384-4404.

### **Probation and Dismissal**

A student will be placed on Academic Probation when his/her current or cumulative grade point average following completion of 12 or more units falls below 2.0. A student will be placed on Progress Probation if, following completion of 12 or more units, he/she receives non-evaluative symbols of "W," "I" and/or "NC" in 50% or more of the units in which he/she has enrolled. A student on Academic or Progress Probation may be dismissed for one semester when one or more of the following conditions exists:

- The student has earned a cumulative grade point average of less than 2.0 for three consecutive semesters.
- The student has received non-evaluative symbols of "W," "I" and "NC" in 50% or more of the units for which he/she was enrolled for three consecutive semesters.
- The student has been on Academic and/or Progress Probation for three consecutive semesters.

Students experiencing problems in any class are encouraged to consult with the instructor and a counselor.

### **Refund Policy for Parking Decals**

To be eligible for a refund of the parking decal fee: (a) all classes must be cancelled by the college and such cancellation must result in a student's withdrawal from the college or (b) the student must withdraw from all classes PRIOR to the first day of instruction. The parking decal must be attached to the refund request. Refund Request forms are available through the Campus Business Office, Administration/Student Services Building, Room 206.

### **Repeating a Course**

A student may take a course only once. There are two exceptions to this statement. First, if a course number includes x2, x3, or x4, then the course may be taken 2, 3, or 4 times. Second, if a student receives a "D," "F," or "NC" grade, he/she may take the course up to two additional times. If necessary, a student receiving a "D," "F" or "NP" may petition to take the class a fourth time. The petition is subject to approval or denial based on the rationale provided.

The Honors Program is designed for ambitious, hard-working, and intellectually curious students who want to challenge themselves, get the most out of their education and earn an advantage in transferring to a 4-year institution (particularly UC and CSU). Honors courses offer enhanced critical thinking and greater depth and breadth coverage of subject material. Most courses are fully transferable to UC, CSU and many other 4-year schools, and most satisfy general education requirements (courses you'd need to take anyway).

For more information on benefits and graduation requirements, go to the Honors Program website: <http://www.valleycollege.edu>, under *Academic and Career Programs*, and click on *Specialized Programs*. Questions regarding admission, transfer, and educational planning should be directed to Honors Counselor Willene Nelson at [wnelson@valleycollege.edu](mailto:wnelson@valleycollege.edu). Questions regarding the honors courses and faculty should be directed to the Honors Program Coordinator Joel Lamore at [jlamore@valleycollege.edu](mailto:jlamore@valleycollege.edu).

## LONDON – FALL 2012

The semester in London during Fall 2012 will provide a very enriching experience. You will enjoy historical surroundings, grow intellectually and enhance your overall knowledge of the world while making normal progress toward your degree objectives. You will earn units in courses taught by faculty from community colleges in the Southern California Foothills Consortium, which includes San Bernardino Valley College. You will receive credit through Citrus College.

Either study abroad semester will enable you to:

- ❖ Earn college credit transferable for a Bachelor's degree.
- ❖ Fulfill general education requirements with most courses.
- ❖ Participate in the Spanish or British Life and Culture class with exciting guest speakers and field trips.
- ❖ Take advantage of low-cost flights and living accommodations.
- ❖ Consider optional tours to explore the great cities and historic sites of Europe.

### **Information Meetings for London in Fall 2012:**

Wednesday, February 29, 11-12 p.m. *or*

Thursday, March 1, 4-5 p.m. in

LIB 121.

For more information about the *Semester in London*, contact Jose Recinos in the Modern Languages Department at (909) 384-8607 or email [jrecinos@valleycollege.edu](mailto:jrecinos@valleycollege.edu).

### **Transfer to the California State University (CSU) and the University of California (UC)**

Students who plan to transfer to the UC should refer to the UC Transfer Course Agreement (TCA) for any credit limitation that may apply to courses for their transfer course unit calculation. The TCA may be accessed through ASSIST at [www.assist.org](http://www.assist.org). ASSIST provides the most accurate and up-to-date information available about student transfer in California.

Although a course may be designated as transferable to the CSU and/or UC, it may not meet IGETC, CSU GE-Breadth, or major preparation requirements. Major preparation varies from university-to-university at both the UC and CSU.

Students should consult with a counselor and review general education and major requirements. Transfer university representatives meet with students in the Transfer and Career Center.

### **How Long Will It Take To Complete My Degree?**

San Bernardino Valley College offers associate degrees and a wide variety of certificate programs.

The amount of time it will take to complete your associate degree will depend on whether you are attending full-time or part-time, on your level of preparation and the number of prerequisite courses you are required to take. Typically, a student attending full-time with few prerequisite requirements could complete an associate degree in two years. Students attending part-time could take as long as four or five years.

The amount of time it will take to complete your certificate program will depend on whether you are attending full- or part-time, the number of units required for the certificate, the rotation of courses over a one- or two-year sequence, and on the number of prerequisite courses you are required to take. A very limited number of certificate programs can be completed in one semester. The majority will take one or two years if you attend full-time. Consult with the vocational advisor for your program. A list of vocational advisors is found in this schedule.

Because STAR is a federally-funded TRIO Program our students have the chance to learn about other student-centered programs at four-year universities. When they transfer they are often able to transition from STAR to another TRIO Support Program, making the transfer process a little less challenging and a little more welcoming.

The STAR Program looks forward to offering qualifying SBVC students the opportunity to reach for the STARS and achieve their academic goals with our assistance and encouragement!

Participant spaces for spring 2012 are limited and interested students should submit a completed packet today!
