

Welcome to San Bernardino Valley College!

Follow these easy steps that it will take you from application to registration.

STEP 1. APPLICATION (ADMISSIONS)

An application must be completed by all **NEW** students and returning students who have had a break in enrollment. You may apply online at <http://www.valleycollege.edu> and click on "Apply For Admission."

Upon completion of the application process, you will be sent a **Student Identification Number (new students)** by e-mail. This is mandatory for all the other steps of enrollment! Additional information is available on page 5.

STEP 2. ORIENTATION

Orientation will provide you information on how the college system may work for you! You will learn about Student Support Services, Financial Assistance, Clubs and Organizations, Academic Success Tips, How to Establish an Educational Goal, Course Requirements for Associate, Certificate, and Transfer Programs, rights and responsibilities as a student, and other information for your academic success. After Orientation, you will need to schedule an assessment appointment. (If you prefer further guidance, you may meet with a counselor later during the semester to develop a long-term education plan. You can register for SDEV 010 – a course in Educational Planning.)

STEP 3. ASSESSMENT

After completing your orientation, you must take the assessment exam for placement into **English, reading and math, or ESL (English as a Second Language)**. Appointments can be made by calling the **Assessment Office: (909) 384-8955** or in person in the Assessment Center, AD/SS 101. You may also visit <http://www.valleycollege.edu/student-services/counseling/assessment> for more information. **Note:** Assessment testing begins promptly at the times designated, so do not be late. You **must** bring your **Student Identification Number** and a **valid photo identification card**. New students must bring an orientation completion certificate at time of test.

STEP 4. REGISTER FOR CLASSES

Follow the advice that you received in Orientation. Use the Education Plan provided to you by the counselor and pick the courses that apply to your goal. You may register online on or after your priority registration date.

STEP 5. PAY FEES

Fees can be paid in two ways:

1. Online: www.valleycollege.edu, Current Students → WebAdvisor (by credit card)
2. In person at the Admissions Office.

EFFECTIVE SPRING 2013 REGISTRATION

Payment is due at the time of registration. Once you have registered, payment of your entire registration balance must be paid by the end of that business day. For additional information on the **Payment Policy**, see page 4 of this schedule.

Financial Aid is available to those who qualify. Go to the Financial Aid Office (AD/SS-106) or visit the website at www.valleycollege.edu/Financial_Aid/ for additional information.

STEP 6. COUNSELING

As a new student, meeting with a counselor is very important. A counselor is an excellent resource to help you with career choices and to answer questions that you have regarding your educational goal. Counselors will help you find the right level of course study and assist you in creating an Educational Plan as well as direct you to other services. You may also visit: <http://www.valleycollege.edu/student-services/counseling/counseling-services>.

Schedule an appointment with a counselor for a two-year educational plan during a "non-registration" time period. The recommended time is between: September – October or February – March. Counselors are available throughout the Fall and Spring Semesters offering same day appointments on a first-come, first-served basis.

FEES, PAYMENT POLICY & YOUR RESPONSIBILITIES

SBVC is one of the most affordable colleges in the country, but it isn't free. You are responsible for all fees related to your enrollment.

PAYMENT POLICY EFFECTIVE SPRING 2013 REGISTRATION

Payment is due at the time of registration. Once you have registered, payment of your entire registration balance must be paid by the end of **that business day**.

- Fees for courses registered on weekends, holidays or scheduled campus closures must be paid in full by the end of the following business day
- Outstanding registration fees that are not paid will result in your courses being administratively dropped due to non-payment
- If you are a financial aid recipient, your award will not cover all of your fees. You are responsible to submit payment for any balance due

RESIDENCY

To be declared a California resident, you must have been physically present in the state, continuously, for a year prior to the beginning of the term during which time you must have taken steps to make California your permanent residence. In matters of residency, the burden

of proof lies with the student. **If the applicant is not 18 years or older**, s/he may derive residency status from their parents (or guardian) if the parent (or guardian) has established residency according to the above standard.

Non-California Residents are welcome to attend SBVC but are required to pay non-resident tuition, as well as the enrollment fees paid by California residents.

Members of the United States armed forces stationed in California on active duty are exempt from non-resident tuition for the duration of their attendance at a community college as long as they remain on active duty. Spouses and dependents are entitled to a waiver of the non-resident fee as long as they are continuously enrolled.

AB 540

1. SBVC, in compliance with California law, will waive non-resident tuition for non-resident students if they meet all of the following criteria:
 - You have attended a California high school for at least 3 years
 - You have a high school diploma (or equivalent)
 - You have applied for legal status – or will sign an affidavit stating your intent to do so.

Priority Registration

If you experience difficulty registering and need assistance, contact the HELP Desk at (877) 241-1756. Log on to www.valleycollege.edu, **Current Students** → **WebAdvisor** to confirm your registration category. Registration begins on **November 26**.

What are those new transportation fees?

- SBVC students voted during the spring 2012 semester to assess themselves a fee to continue free Omnitrans bus rides for all students through June 2017.
- Starting with fall 2012, students enrolled in 6+ units will be charged a \$7.50 non-refundable fee per semester (students enrolled in less than 6 units will be charge \$7.00).
- To ride for free, simply swipe your valid SBVC student I.D. any day of the year on any regular Omnitrans route. Besides helping the air quality, riding the bus also helps you avoid parking hassles, exorbitant gas prices, and the need to purchase parking decals. Get your student I.D. card by bringing a copy of your registration printout from WebAdvisor showing a balance of \$0.00 to the Office of Student Life (Campus Center #128)

ORIENTATION/ASSESSMENT PROCESS AND ENROLLMENT

APPLICATION PROCEDURES

1. **All new and returning students may register online at www.valleycollege.edu.**

2. **Transcripts of Prior Work**

Students must have official transcripts of all college work not done at San Bernardino Valley College sent to the Admissions and Records Office (Administration/Student Services Building) if they are planning to attend. **If the student does not submit an application, the transcript will be destroyed.**

3. **Orientation/Assessment/Advisement**

All new students are required to participate in Orientation and Assessment unless specifically exempted from this process. When you submit an application for admission and you have received your SBVC student ID number, you will need to complete the following:

- Student orientation session: This can be completed in two ways, online or on campus.
 - For online session, visit the web site: www.valleycollege.edu/webadvisor or
 - Make an onsite appointment for group session in the Assessment Center (AD/SS 101).

College is quite unfamiliar to you as a first semester college student. Orientation to college will dispel most of your unfamiliarity about SBVC. Through orientation, you will know course offerings and services including the expectations set before you, such as, college life and responsibilities as well as the college culture.

- Assessment Appointment:
 - Schedule an appointment with the Assessment Center (AD/SS 101).

SBVC uses the Accuplacer assessment test*. The test is primarily used to assist students in the following:

- Identify skill levels in English, reading, math and ESL;
- Meet class prerequisite requirements;
- Choose appropriate classes;
- Develop student education plan.

**You may access test sample questions through www.collegeboard.com/student/testing/accuplacer*

Report at least fifteen minutes early on the assessment date you have chosen. Bring your orientation completion certificate with you as well as a photo ID (driver's license or school ID) and your SBVC ID number.

Advisement: Students must meet with a counselor prior to the start of their second semester of attendance to develop their two-year educational plan. You may go to the Counseling Department in AD/SS 103.

4. **You May Be Exempt From Assessment:**

You may be exempt from the English Assessment if:

- You received a grade of "C" or better in a prerequisite English course at the college level.

You may be exempt from the math Assessment if:

- You received a grade of "C" or better in a prerequisite math course at the college level.

You may be exempt from assessment if you meet at least one of the following criteria:

- Associate Degree or higher from a regionally accredited college or university;
- An earned score of 3.0 or higher in Advanced Placement Tests in English and math;
- Submission of assessment placement scores from another California Community College within the last two years;
- Enrolling in courses to achieve or maintain certificate or license requirements which do not require math, reading, or English prerequisites;
- Enrolling in courses for personal enrichment which do not require math, reading, or English prerequisites. A maximum of 12 units may be taken prior to Assessment.

POLICY ON ASSESSMENT

1. **All entering students are required to complete the San Bernardino Valley College assessment process unless exempted.**

2. **Assessment results are valid for two years.** After two years, students are to be reassessed if they have not satisfactorily completed an English, math or reading course at SBVC.

3. **Students may be reassessed once when one of the following situations exists:**

- When one full year has elapsed from previous tests;
- When recommended by the department chair or division dean to retake the test;
- When recommended by the Student Policy and Scholastic Standards Committee in accordance with the exemption permitted by the SBVC Policy on Assessment.

4. **Students who reassess will be advised that the most current assessment results will supersede all other test results.**

5. **Students may satisfy the prerequisite for English, math, and reading through:**

- An assessment process;
- Satisfactory completion of the prerequisite course; or
- Providing acceptable challenge documentation to the department chair or division dean.

What are those new transportation fees?

- SBVC students voted during the spring 2012 semester to assess themselves a fee to continue free Omnitrans bus rides for all students through June 2017.
- Starting with fall 2012, students enrolled in 6+ units will be charged a \$7.50 non-refundable fee per semester (students enrolled in less than 6 units will be charge \$7.00).
- To ride for free, simply swipe your valid SBVC student I.D. any day of the year on any regular Omnitrans route. Besides helping the air quality, riding the bus also helps you avoid parking hassles, exorbitant gas prices, and the need to purchase parking decals. Get your student I.D. card by bringing a copy of your registration printout from WebAdvisor showing a balance of \$0.00 to the Office of Student Life (Campus Center #128)

STUDENT PROFILE

Success stories in the Silicon Valley often begin inside of a parent’s garage—but here in the Inland Empire, Yvette Robles and her six young children lived in the garage of her mother’s San Bernardino home for four years—not as a revolutionary new business was taking shape—but simply in order to survive.

Trapped in an abusive relationship, the refuge of her mother’s garage was the only escape for Yvette and her children. Somehow, through the difficult years of growing up together in the cozy confines of a garage, the importance of education emerged as an absolute necessity—a reality evidenced by the lofty educational goals her kids are pursuing a decade later.

Yvette’s oldest son earned his master’s degree, three other sons have been studying at local community colleges, and her daughter Bonnie joined her at SBVC in the fall of 2011. Now residing in Colton with five members of the family still living at home, Yvette is inching closer to completing the requirements in the human services field with the goal of transferring.

Outside the classroom, Yvette enjoys cheering on her daughter Bonnie who was the starting shortstop on the 2011 SBVC softball team. Bonnie’s goal is to earn her master’s degree in social work.

Yvette Robles and Bonnie Quintero

“The message I’ve given my kids over the years is that they can play sports, get a job, or do whatever they want as long as they continue their education,” Yvette said. “What you learn at school is what opens doors to the future.”

The tightly-knit family can still come together and rally around each other when needed—just like those days in the garage.

“When one of us is hurting, we’re all hurting,” Yvette said.

Bonnie added: “Even now, we sometimes all find ourselves in one bedroom talking together.”

STUDENT PROFILE

Mark Lemus and Victor Corrales

“I rocked it! I walked away with four A’s and a B that semester” SBVC student Mark Lemus explained when asked how he balanced his life as an SBVC student studying water supply technology (WST) while interning with the City of San Bernardino Municipal Water Department (SBMWD). Mark and his friend, fellow 2005 Colton High School graduate and SBVC water supply technology student Victor Corrales would get up at 5:30 a.m. to work as Operators-in-Training at the San Bernardino Water Reclamation Plant until 3:30 p.m., and then take evening classes at SBVC until 9:30 p.m.

Victor said, “We didn’t hold back. We did overload units.” All their hard work paid off when they both were hired in April 2012 as Operators-in-Training (OITs). Both have earned full-time work in the industry where they earn more than \$18 per hour (with benefits) and are on a career track with significant upward mobility.

In cooperation with SBVC, the SBMWD developed the Operator in Training (OIT) program to provide the necessary hands-on experience for potential wastewater treatment plant operators taking courses at SBVC. Interns must work 2,080 hours to complete the OIT program over two years while taking water supply technology courses at SBVC.

Victor explained how their future started at SBVC because, “...it helped me to find goals and realize that what I am going to do matters. It was worth working towards.” Both Mark and Victor have continued taking WST courses at SBVC in of the fall of 2012.

DISTRIBUTED EDUCATION

(Online & Hybrid Sections)

General Information

The Office of Distributed Education coordinates all courses which are computer based in their delivery (to include Hybrid courses) and are available to the students of Crafton Hills College in Yucaipa and San Bernardino Valley College in San Bernardino. Online and Hybrid courses require accessibility to a computer system with an Internet connection. Some courses require some on-campus meetings. Fees and academic credits are the same as equivalent traditional classroom courses.

Requirements for Online Courses

Although each class has its own set of technical requirements, generally online classes require a computer with a "modern" operating system (Windows XP or Windows 7), a connection to the Internet (usually an Internet Service Provider), a CD-ROM drive, speakers and/or headphones, and the ability to download plug-ins.

Technical Support

How to Succeed in a fully Online Course or Hybrid Course

Successful students claim that determination, planning, and self-motivation are needed to complete a course that lacks the regular meetings of an on-campus structure. Here is a plan of action that might help you.

1. For an online or hybrid course, access the instructor's website to get a copy of the syllabus and learn what is expected of you as a student.
For a hybrid course, attend the first on-campus meeting to meet the instructor, understand the course goals and requirements, and receive the course syllabus and assignments.
2. Read the study materials related to assignments as presented by the instructor. Take notes and highlight important information.
3. Log in to your online server several times a week to keep up with new messages from the instructor and classmates.
4. Be aware of due dates and do not wait until the last hour to send them.
5. For a hybrid course, formulate a list of questions during your study time to present to the instructor at the on-campus meetings or to post to your online class or call the instructor during his or her scheduled office hours.
6. Form a support group with other members of the class to review and discuss the content of the course.

Are you a Candidate for an Online or Hybrid Class?

This assessment is provided to help you decide if online or hybrid learning is appropriate for you. This exercise is an indicator but not a definitive answer. The assessment covers two parts: Learning Style and Technical Aspects.

Learning Style

- Do you stay on task without direct supervision?
- Can you prioritize your own workload and adhere to timelines?
- Do you usually understand and properly interpret written materials, especially instructions?
- Could you allocate as much time in your schedule as you would for a "traditional" class but with more flexibility?
- Are you able to attend some class meetings on campus (less than 6 a semester)?
- Would you enjoy the new experience of learning by way of a computer?

If you answered "YES" to the Learning Style questions, continue to the next section.

Technical Aspects for ONLINE and HYBRID

- Do you have a computer system available to you that can access the Internet?
- Could you "go online" multiple times a week?
- Have you opened and sent e-mail messages?
- Have you installed a program after "downloading" it from a remote computer to your computer? Do you know how to "copy and paste" text from a word processing document to an email message?

If you answered "YES" to the ONLINE questions, you meet the conditions for online delivery.

Conditions

Online courses require structure, which you will create for yourself. You will need self-discipline to adhere to your self-made schedule. Much of the material covered in a Distributed Education course will require that you learn from reading textbooks, Internet-based articles, and written materials from the instructor.

Benefits

The beauty of Distributed Education learning is the flexibility of time available for you, as the student, to access the virtual classroom or to view TV programs. You can set your class time around your work schedule and family or social activities. You will soon realize the savings normally incurred with driving time and vehicle-related costs. If you take only D.E. courses you won't have to deal with parking constraints on a weekly basis. Plus, there may also be a reduction in childcare costs. You could also benefit by combining D.E. courses with traditional classes. Now it's your choice. Check with an Academic Counselor to determine which classes you need, then see if they are listed in this schedule. Distributed Education may not be for everybody. However, for those who are self-motivated, it could prove to be an invaluable experience.

Are Online Classes right for me?

Online classes require discipline and self-motivation. If you have these qualities, online classes might work for you. Please visit this website for some self-assessment tools to determine whether online classes fit your learning style and your lifestyle:

<http://www.cerrocoso.edu/studentservices/survey2.asp>

What are the Minimum Technology requirements?

Although each class has its own set of technical requirements, generally online classes require a computer with a "modern" operating system (Windows XP or Windows 7), a connection to the internet (usually an Internet Service Provider), a CD-ROM drive, speakers and/or headphones, and the ability to download plug-ins or clients to run on your computer.

Please see the list of classes below and visit the Universal Access Point (the URL listed in the next paragraph) for specific technical requirements for each section. If you have access to this technology, you probably have the minimum requirements to take the classes listed below, but please check each section for the specific technical requirements.

What to do after I register for an online or hybrid class?

The Universal Access Point for information for all online and hybrid classes is:

<http://www.valleycollege.edu/online-classes>

Before the semester begins, point your browser to this web page and you will be able to find your online or hybrid class and be linked to all the information you need to begin that class. The information for each online class might be different. So be sure to visit the link for each online and/or hybrid that you have chosen. Do NOT assume that the technical requirements or the processes and procedures for each class are the same.

This Universal Access Point is your gateway for all the information you need to begin your online and/or hybrid classes. In addition, this Universal Access Point will provide you with people to contact if you have further questions about any online and/or hybrid class.

Matriculation

Matriculation is a process that brings the college and the student into an agreement for the purpose of realizing the student's educational goals. The primary purpose of matriculation is student success.

- An assessment of the student's study skills, English language proficiency, computational skills, goals, career aspirations, academic performance and needs for special services.
- Counseling, courses, and advisement to develop a student educational plan.
- Follow-up evaluation of each student's progress in achieving his or her education plan.

The student agrees to:

- Express at least a broad educational intent upon admission.
- Declare an educational goal by the time the student has completed 15 units.
- Attend classes.
- Work diligently to complete course assignments.
- Demonstrate effort toward attainment of an educational goal.
- Meet with a counselor to develop a student educational plan that will meet his/her unique needs.

Matriculation goals are partially fulfilled through the ACAD 001 class and SDEV 010 and 102 classes. Students who intend to graduate from San Bernardino Valley College are required to complete ACAD 001 during one of the first two semesters in which they are enrolled in 9 or more units.

Non-Discrimination Policy

San Bernardino Community College District and its two colleges, San Bernardino Valley College and Crafton Hills College, are committed to non-discrimination. Federal laws and District policies strictly prohibit all types of discrimination, including sexual harassment and inequities based on race, color, religion, sex, age, marital status, physical disabilities or mental impairments, or sexual orientation. The District's non-discrimination policies are supported by the requirements of Titles VI and VII of the Civil Rights Act of 1964, as amended; Title IX of the education amendments of 1972; the Age Discrimination in Employment Act of 1975; and sections 503 and 504 of the Rehabilitation Act of 1972, as amended; and the Americans with Disabilities Act. San Bernardino Valley College is further committed to overcoming sex discrimination and sex stereotyping in vocational education programs. In addition, the lack of English

language skills will not be a barrier to admission and participation in vocational education programs.

A parking decal or a daily permit is required to park in all college streets and lots. All semester and summer parking decals are purchased online. Login to your WebAdvisor account and click on "SB Valley Student Parking Decals." Daily permits may be purchased from dispensers located in Student Lots 1, 5, 7, 8 and 9. Valid and properly displayed permits are required to park at San Bernardino Valley College at all hours Monday through Thursday and Friday until 4:30 p.m. Cars will not be given parking permit citations from Friday at 4:30 p.m. until Monday at 7:00 a.m. Also note **free parking** at the Pro Swap Meet, 632 S. Mt. Vernon (across from SBVC Auditorium).

Parking fees are as follows:

One Semester (Fall or Spring):	\$30.00
with BOG Waiver:	\$20.00
Summer Session:	\$15.00
Daily Permit:	\$ 2.00

Individuals with disabilities must display a valid DMV Handicap Permit placard and a valid college parking decal/permit to park in designated disabled parking spaces.

The San Bernardino Community College District is not responsible for loss or damage to vehicles that are parked or stored on college property. Protect your vehicle and its contents by locking your car!

Purchasing Parking Decals

SBVC has automated the purchasing process for student parking decals. There are two methods to purchase your parking decal:

Method 1: Purchase Parking Decals Online

To purchase a parking decal online, you will need the following:

1. The ability to log into WebAdvisor
2. A valid credit or debit card
3. Make, model, year, color of car plus your license plate number and state of issue
4. Valid mailing and e-mail addresses.

Method 2: Unable to Purchase Online, Then Purchase Parking Decals on Campus

To purchase a parking decal on campus, you will need the following:

1. The ability to use a computer on campus
2. The ability to log into WebAdvisor
3. Cash or check payable in the Campus Business Office, AD/SS 206
4. Make, model, year, color of car plus your license plate number and state of issue
5. Valid mailing and e-mail addresses

All parking decals will be sent by U.S. mail to the mailing address you provide. If needed, you may print a temporary pass at the end of the online transaction to display on your dashboard until the actual parking decal arrives. If you have any problems, call the 800-number provided at the Credentials site.

Pass/No Pass

Students who wish to be graded in any class on a Pass/No Pass basis must file the appropriate form in the Admissions & Records Office (AD/SS Building, Room 100). The paperwork must be filed no later than the end of the first 30% of the course. Once Pass/No Pass has been selected as a grading option, a letter grade (A-F) cannot be issued.

Prerequisites, Corequisites, Departmental Advisories, and Limitations on Enrollment

Course information in this schedule of classes may include a prerequisite, corequisite, departmental advisory and/or other limitations on enrollment. A prerequisite is a course or skill that must be completed prior to enrolling in the course. A corequisite is another course that must be taken during the same semester as the course in which you would like to enroll. A departmental advisory is not required, but is a suggested course that would be helpful for you to have completed prior to enrolling.

Students may challenge a prerequisite or corequisite on one or more of the following grounds:

- The student can demonstrate that he/she has the knowledge or ability to succeed in the course or program despite not having satisfied the prerequisite or corequisite.
- The student will be subject to undue delay in attaining his/her educational goal as outlined in his/her student education plan because the prerequisite or corequisite course has not been made reasonably available.
- The prerequisite or corequisite is unlawfully discriminatory or is being applied in a discriminatory manner.
- The prerequisite or corequisite has not been established in accordance with the District's approved process for establishing prerequisites or corequisites or was established in violation of Title V.

It is the student's responsibility to provide documentation to support the challenge. The challenge must be filed in the appropriate Academic Division Office no later than the first week of class. The college will process the challenge within five working days and the student will be advised of the approval or denial. For information on challenging a prerequisite, call staff or faculty in the Counseling Office at (909) 384-4404.

Probation and Dismissal

A student will be placed on Academic Probation when his/her current cumulative grade point average following completion of 12 or more units falls below 2.0. A student will be placed on Progress Probation if, following completion of 12 or more units, he/she receives non-evaluative symbols of "W," "I" and/or "NP" in 50% or more of the units in which he/she has enrolled. A student on Academic or Progress Probation may be dismissed for one semester when one or more of the following conditions exist:

- The student has earned a cumulative grade point average of less than 2.0 for three consecutive semesters.
- The student has received non-evaluative symbols of "W," "I" and "NP" in 50% or more of the units for which he/she was enrolled for three consecutive semesters.

- The student has been on Academic and/or Progress Probation for three consecutive semesters. Students experiencing problems in any class are encouraged to consult with the instructor and a counselor.

Refund Policy for Parking Decals

To be eligible for a refund of the parking decal fee: (a) all classes must be cancelled by the college and such cancellation must result in a student's withdrawal from the college or (b) the student must withdraw from all classes PRIOR to the first day of instruction. The parking decal must be attached to the refund request. Refund Request forms are available through the Campus Business Office, Administration/Student Services Building, Room 206.

Repeating a Course

Beginning in summer 2012 and in compliance with new Title 5 regulations, SBVC students who are attempting to improve a substandard grade in a non-repeatable course will be limited to three enrollments in that course, including any enrollments which took place prior to Summer 2012. For example, if a student initially enrolled in MATH 095 and earned an F, then later enrolled in MATH 095 and withdrew, and again enrolled in MATH 095 and earned a D, that student would no longer be allowed to enroll in MATH 095. Contact the Admissions/Records Office in AD/SS 100 with specific questions.

Transfer to the California State University (CSU) and the University of California (UC)

Students who plan to transfer to the UC should refer to the UC Transfer Course Agreement (TCA) for any credit limitation that may apply to courses for their transfer course unit calculation. The TCA may be accessed through ASSIST at www.assist.org. ASSIST provides the most accurate and up-to-date information available about student transfer in California.

Although a course may be designated as transferable to the CSU and/or UC, it may not meet IGETC, CSU GE-Breadth, or major preparation requirements. Major preparation varies from university-to-university at both the UC and CSU.

Students should consult with a counselor and review general education and major requirements. Transfer university representatives meet with students in the Transfer and Career Center.

How Long Will It Take To Complete My Degree?

San Bernardino Valley College offers associate degrees and a wide variety of certificate programs.

The amount of time it will take to complete your associate degree will depend on whether you are attending full-time or part-time, on your level of preparation and the number of prerequisite courses you are required to take. Typically, a student attending full-time with few prerequisite requirements could complete an associate degree in two years. Students attending part-time could take as long as four or five years.

The amount of time it will take to complete your certificate program will depend on whether you are attending full- or part-time, the number of units required for the certificate, the rotation of courses over a one- or two-year sequence, and on the number of prerequisite courses you are required to take. A very limited number of certificate programs can be completed in one semester. The majority will take one or two years if you attend full-time. Consult with the vocational advisor for your program. A list of vocational advisors is found in this schedule.
