BIOL 109H	<p>Course ID: BIOL109H Course Title: History of Life - Honors Units: 4 Lecture: 3 Laboratory: 3 Prerequisite: None</p> <p>Catalog Description: An introductory course exploring the history of life on earth. The role of natural selection and evidence from geology, biogeography, and paleontology will be combined with fossils and recent organisms to interpret the clues of life's history on earth. Enrollment is limited to students eligible for the Honors Program.</p> <p>Schedule Description: An introductory course exploring the history of life on earth. The role of natural selection and evidence from geology, biogeography, and paleontology will be combined with fossils and recent organisms to interpret the clues of life's history on earth. Enrollment is limited to students eligible for the Honors Program.</p>	FA07	The Biology department does not at present offer any honors courses for students interested in Biology. The wide range of material covered in this course also lends itself to the individual in-depth studies typical of the honors program.

BIOL 240	<p>COURSE NUMBER: FROM 240 TO 204 DELETE PREREQUISITE: BIOL 100</p>	FA06	<p>The Biology Department wants to change the course number of BIOL 240 to BIOL 204 put it in sequence with our other lower division Biology major's courses. We have currently three Biology major's courses, BIOL 201, BIOL 202, and BIOL 203. Changing BIOL 240 to BIOL 204 would make it more recognizable as being associated with the other major's courses and facilitate it as part of the lower division preparation.</p> <p>The second change in keeping with the forgoing discussion is to eliminate BIOL 100 from the list of prerequisites. We would like the only prerequisite to be BIOL 201. This would also establish it as part of the majors sequence. Students would first take BIOL 201 then choose between the other three courses, BIOL 202, BIOL 203, or BIOL 204, to continue their lower division work.</p>
PHT 020	<p>MODIFY: CATALOG AND SCHEDULE DESCRIPTION</p> <p>Catalog Description: Introduction to the role of the Pharmacy Technician in the delivery of pharmacy services in acute care and community pharmacy settings. Emphasizes pharmaceutical terminology, legal-ethical issues, pharmacy standards and resources.</p> <p>Schedule Description: Introduction to the role of the Pharmacy Technician in the delivery of pharmacy services in acute care and community pharmacy settings.</p>	FA07	To reflect changes in curriculum.
PHT 031	<p>ADD PREREQUISITE/COREQUISITE MODIFY: CATALOG AND SCHEDULE DESCRIPTION</p> <p>Prerequisite: MATH 952 or Corequisite: MATH 952 Catalog Description: An application of mathematical skills to the calculation of medication dosages, intravenous solutions, and pharmacy operations. Schedule Description: An application of mathematical skills to the calculation of medication dosages, intravenous solutions, and pharmacy operations.</p>	FA07	To reflect changes in curriculum.
PHT 042	<p>ADD PREREQUISITE/COREQUISITE MODIFY: CATALOG AND SCHEDULE DESCRIPTION</p> <p>Prerequisite: PHT 041 or Corequisite: PHT 041 PHT 043 Catalog Description: Emphasizes the application of pharmacy technology principles and skills in a clinical setting. Schedule Description: Emphasizes the application of pharmacy technology principles and skills in a clinical setting.</p>	FA07	To reflect changes in curriculum.
PHT 043	<p>MODIFY: LABORATORY HOURS ADD PREREQUISITE/COREQUISITE MODIFY: CATALOG AND SCHEDULE DESCRIPTION</p> <p>Laboratory: 12 Prerequisite: PHT 020 and PHT 030 and PHT 031, PHT 041 or Corequisite: PHT 041 , and PHT 042 Catalog Description: Application of prescription processing, inventory management and dispensing of medications in a pharmacy under the direct supervision of a pharmacist.
