## DISTRIBUTED EDUCATION

**READ 102**

**100% ONLINE**

**Effective Date: FA11**

**Rationale:** One of the planning themes of San Bernardino Valley College (SBVC) is access. For career technical courses, the issue of scheduling is crucial. Students working the night shift can only take class in the morning while those working traditional day schedules can only take evening classes. Given these variables and difficult schedules, students need the flexibility of time that an online class affords. An asynchronous online class allows students to study when their schedules allow and where they have the space and materials to do so effectively. The online delivery method of these courses supports the mission of SBVC by providing access to education to a diverse community of learners who find themselves in a community with complicated lives and difficult and demanding schedules and responsibilities

## DELETED COURSES

**OCEAN 100**

**WST 050**

**Effective Date: FA10**

**Rationale:** Courses no longer offered.
