DISCUSSION TOPIC

Transferability/Course Numbering – Handouts included Academic Senate of the California State University; SBVC Senate Minutes; Program and Course Approval Handbook pages 41-43
Brief Overview of Discussion/Proposals:

Vocational Programs: Look at individually since they transfer as a "program"

Possible wording in the catalog for courses that are given transfer-level numbering:

*Limited transferability: student must check into the transferability of the course (this is put in the catalog)

*Limited transferability (placed into the catalog)

- o Proposed process (course must meet one of the two criteria) for determining if a course is to be numbered 100-200:

1. Originator/faculty research a minimum of 3 universities for catalog descriptions similar to the proposed/reviewed course

OR

2. Using criteria from Academic Senate Cal State document to determine if the course is transfer level (attachment to this email)

o "College Level": The committee agreed that there needed to be definition on the term "College Level" courses and the discussion of the possibility of recommending the numbering of these courses to be 0-99. A recommendation was made that research should be done on the standards for high school graduation. Patti encouraged the committee members to help with this definition process by forwarding their ideas or findings to the committee.

CurricUNET Steering Committee – Decisions are needed to be made in regard to CurricUNET that should be determined by an advisory committee rather than a co-chair. This subcommittee would meet on-line in a consultation format. If members are interested in becoming a part of this advisory committee they are encouraged to contact Patti.

Independent Study 222 Template - Independent Study Course Outline Template: Members made some excellent recommendations and the "Draft" will be updated and forwarded to the committee.

NEW COURSE

COURSE ID	RESULT	NOTES	EFF DATE	INFO ONLY
CD 168	POSTPONED (AWAITING CERTIFICATE)	<i>Postponed from 11/13 meeting</i> HELD until Curriculum Committee receives documents on CSU transferability from Cindy Parish. Cindy will provide Nicole Williams either hard copy or electronic copy of documentation within a week (11/20.) The documentation will then be forwarded to the Curriculum Committee and all should come prepared to discuss at the following meeting. Dr. Stevens commented that once the documentation had been received a thorough review and discussion would be held and a decision would be made to be consistent and applicable to all courses that come through the Curriculum Committee. Child Development concerned the delay will cause courses not to be ready for FA07 however there is some time before fall scheduling would be delayed. As the VP of Academic Senate, John Stanskas commented that if a recommendation in how we should renumber all courses is made that a discussion should be held at Academic Senate first.	FA07
