DISCUSSION TOPICS

- Queen Hamilton confirmed that if a course listed on a certificate is outside of the area of emphasis, then that course is on the **6-yr** cycle.
- "Pass/No Pass" now replacing "Credit/No Credit" (this should be included in a future board agenda document, also).
- Implementation of the review for Stand-Alone training; establishing all members have been trained and campus has received certification; courses that are being reviewed are not a part of an educational program; outline meets Section 55002, Standards and Criteria for Courses. Documentation related to the certification was sent to members to review prior to meeting.
- "Unique course ID number" is now part of outline. Data Specialist will report number in review area of CurricUNET. Once course is approved the number will be added to outline.
- Electronic version of the Curriculum Handbook is now under revision and will be uploaded by the end of the semester.
- Encouraged Curriculum Committee members to apply for faculty co-chair position.
- Asked committee members for input into the end of the year report on the accomplishments the committee has made this past academic year. Some accomplishments noted was the "Checklist" for reviewing outlines; online committee meetings; working in groups at the meeting to review programs; weekly training and open lab sessions.
