<i>The Curriculum Committee recommends that the pre-requisites and co-requisites approved be re-evaluated in the next 2-3 years by the appropriate departments/programs to ensure student success.</i>					

Discussion Items:	
Julie Pehkonen from the Regional Consortium (See Attached)	Julie Pehkonen described the Regional Consortium process. The consortium is working to bring the process down to a 30-day process. CTE Deans meet monthly to discuss programs that have submitted Announcements of Intent and to be formally indorsed by the consortium. It is required for colleges to use the Center of Excellence to provide labor market data, a report will be produced and should be submitted with the proposal. Advisory minutes must be attached, in order to show a need for the program. After the program has been announced, the program may be developed. Substantially changed programs may only go through the endorsement process. An endorsement or announcement of intent is good for two years.
Curriculum Check List (See Attached)	Mary reviewed the Checklist for all Course Outlines.
