*The Curriculum Committee recommends that the pre-requisites and co-requisites approved be re-evaluated in the next 2-3 years by the appropriate departments/programs to ensure student success.  
 Note: Committee members are voting on all Proposals, Requisites, Advisories, and Distributed Education.*

DISCUSSION ITEMS:	
<b>Textbooks for Non-Credit</b>	The committee discussed textbook requirements for non-credit. While credit courses require 3 textbooks, the committee decided that in the spirit of non-credit courses being affordable for students, that more flexibility is needed for non-credit courses. While at least one "textbook" should be listed, that book may be an online resource or other non-traditional source of information.
<b>Courses Not Offered in 2+ Years</b>	Mary Copeland sent an email to faculty chairs regarding the deletion of old courses. There has been a favorable response, and many faculty are launching deletions of courses no longer offered.
