<input checked="" type="checkbox"/> Maria Valdez	<input checked="" type="checkbox"/> Janice Wilkins	<input checked="" type="checkbox"/> Margaret Worsley	<input checked="" type="checkbox"/> Kay Dee Yarbrough	Student:
GUESTS:	Leticia Hector	Amy Avelar (CHEM)	Jennifer Bjerke (ENVT)	Maggie Worsley (MUS)

*The Curriculum Committee recommends that the pre-requisites and co-requisites approved be re-evaluated in the next 2-3 years by the appropriate departments/programs to ensure student success.
 Note: Committee members are voting on all Proposals, Requisites, Advisories, and Distributed Education.*

DISCUSSION ITEMS:	
Prerequisites:	Mary will attend the first department chair meeting in the fall asking if they have any questions about requisites to let her know. Though AB-705 is specifically for MATH and ENGLISH, how they decide to use multiple measures to place a student, it should be up to the departments to decide how to apply the multiple measures. The law is clear that it should be a guided placement to notify students of the skills needed to succeed in a class.

COURSE DELETION:

Course ID:	Originator:	Notes:	Board Date:	Result:
CHEM 104H	Lillard	Departmental discussion to delete all Chemistry Honors courses due to low enrollment and infrequent offerings. The chemistry department have very few students who enroll for the class. Courses are always stacked and it's a lot more work for the instructors. The structure we have on the campus for how it works do not work for the Chemistry department and they have chosen to delete all honor's courses. When there are systems in place to better support honor's courses the department will consider bringing these courses back. The time component, there is no load for honor's courses, have had to donate Fridays to assist these students with these courses. Majority of the students needed to switch over to the non-honor's sections to be better successful in the course. This decision has come after years of careful consideration. Not in the best interest of the Chemistry students to keep these courses. Similar discussions are going on in Biology. How to read articles, how to make presentations, honor's standalone class. How to communicate findings. Reach out to Janice Wilkins who are offering courses similar to this.	6/20/19	Approved
CHEM 150H	Lillard			
CHEM 151H	Lillard			
CHEM 212H	Lillard			
CHEM 213H	Lillard			
PS 101	Lillard	Historically have had zero to low enrollment, minimum qualification issue. Need to get rid of these classes.	6/20/19	Approved
PS 112	Lillard			

NEW CERTIFICATES AND DEGREES:

Program:	Program Type:	Originator:	Notes:	Consortia Endorsement?	Board Date:	Result:
