PROGRAM PROPOSALS

Creating a Program Proposal

Limitations on Enrollment:

Some programs and/or courses do not have course prerequisites but have many conditions for entry into the program. Perhaps the best example is in the nursing program. Because students cannot enroll in these courses unless the program conditions have been satisfied, these courses contain statements in their descriptions limiting enrollment to those students already in the program. No prerequisite analysis is required for these limitations.

NOTE: New CTE Programs should have received a first and second read approval from the Inland Empire/Desert Regional Consortium prior to creating a proposal. Work with your CTE Dean to request your new CTE Program be included on the next Regional Consortium Agenda.
