

I nominate Kay Weiss as manager of the year. Since I've been at SBVC (21 years), I've worked with at least 8 deans of my department, some good, some bad, some excellent. But Kay is the best of them all. Kay is a terrific problem-solver; every time there is a problem, she's on top of it until it is solved, and she always does it with a smile on her face. She goes out of her way to address student issues quickly and to the benefit of the student. I am thrilled that she is the dean for RTVF and hope that remains true for a long time!
