Outstanding Service Award:

Craig Petinak

Public/Community Relations, SBVC Campus

Everyone loves Craig! He has not been with the SBVC for very long but he has quickly adapted to the needs of a higher ed facility. Craig is always wearing the hat of the student, ever asking things from their point of view or understanding or unique need. He works to be sure that everyone is up to date on "everything SBVC" and does so without the slightest hint of regret, remorse or resentment. He's always willing to go and on the go often. Even when he is on the go, our campus does not suffer as he shoots emails and answers needs remotely. Craig is a kind soul with great intensions and forward thought for SBVC.
