Manager of the Year:

Fernando Poveda

Director, Student Life/Government

In the short time Fernando has been on our campus it is obvious that his enthusiasm toward helping our students is something to be noted. Fernando cares for the students well being and has a gentleness about him in his fight to protect and serve them to the best of his ability. Obviously, he brought with him a plethora of knowledge in student services and does his job without hesitation. To top it all off, he always willing to brighten the day with a smile and genuineness about him. We all know that not every day is a walk in the park but Fernando remains optimistic and warm in his approach to his job, coworkers and especially the students.
