Brief Statement of Request:

Fencing

Are there alternative funding sources? (for example, Department, Budget, Perkins, Grants, etc.)

Yes ☐ NOX ☐

If yes, what are they? _____

1. Provide a rationale for your request. (Explain, in detail, the need for this project.)

All our outdoor facilities need new fencing. New, taller fencing will prevent soccer balls from kicked over the fence that lines K street and our student won't have to runout into traffic or into our neighbors yard to retrieve balls. Foul balls won't be a threat to pedestrians or parked cars. The football, track stadium will be able to be secure and new fencing will improve the appearance of the facilities.

2. Indicate how the content of the department/program's latest Efficacy Report and/or current EMP supports this request and how the request is tied to program planning. (*Directly reference the relevant information from your latest Efficacy Report and/or current EMP in your discussion.*)

EMP data shows overall success of the Athletic Department. Data is not broken down into individual programs. Having a poor, unsafe facility can have a negative impact on recruitment, retention and success.

3. Indicate any additional information you want the committee to consider (*for example, regulatory information, compliance, updated efficiency, student success data, planning, etc.*).

Our coaches work extremely hard to promote a positive environment to the community and the state. It would be great if the college would do the same regarding our outdoor facilities!

4. What are the consequences of not funding this facilities request?

Negative image for the college. Poor recruitment. Lower FTES. Lower retention and success.
