Capital Improvement ☐X

Brief Statement of Request:

Soccer Field Renovation.

Are there alternative funding sources? (for example, Department, Budget, Perkins, Grants, etc.)

Yes ☐ NO X☐

If yes, what are they? _____

1. Provide a rationale for your request. (Explain, in detail, the need for this project.)

While San Bernardino has two of the best soccer programs in the state we have one of the worst soccer field in California. The soccer field has holes, hills and valleys. The soccer field is poorly irrigated and is not properly maintained. When it is hot and dry there are patches of dirt. When it rains those patches of dirt turn in to muddle puddles. The soccer field has been trenched twice for other projects on campus. After the trenching the soccer field was not repaired correctly and there is a valley running down the middle of the field. In other words the field is bad shape and makes for an unsafe playing surface.

2. Indicate how the content of the department/program's latest Efficacy Report and/or current EMP supports this request and how the request is tied to program planning. (*Directly reference the relevant information from your latest Efficacy Report and/or current EMP in your discussion.*)

EMP data shows overall success of the Athletic Department. Data is not broken down into individual programs. Having a poor, unsafe facility can have a negative impact on recruitment, retention and success.

3. Indicate any additional information you want the committee to consider (*for example, regulatory information, compliance, updated efficiency, student success data, planning, etc.*).

Our coaches work extremely hard to promote a positive environment to the community and the state. It would be great if the college would do the same regarding our soccer field!

4. What are the consequences of not funding this facilities request?

Negative image for the college. Poor recruitment. Lower FTES. Lower retention and success.
