Brief Statement of Request:

Reinstall softball facility back on campus

Are there alternative funding sources? (for example, Department, Budget, Perkins, Grants, etc.)

Yes ☐ NO X☐

If yes, what are they? _____

1. Provide a rationale for your request. (Explain, in detail, the need for this project.)

Out of Compliance with Title IX. Title IX state all students must and the same opportunity to compete regardless of gender or sport. At this time San Bernardino Valley College does not meet Title IX regulations in regards to providing “same opportunity”. Currently our softball team practices and competes at Cesar Chavez park in the city of Colton. Because our softball program is off campus we cannot provide the same support as we do for other programs on campus. We do not provide proper field maintenance. We do not provide access to an athletic trainer or training room facilities. We do not provide locker rooms or proper storage for equipment. All just stated are the basic support we provide to all the other programs on campus. The softball field at Chavez park is not a safe, clean environment. The field is in need of repair. The dugouts are used a urinals.

There is drug use and gang activity in the park. The softball field/program needs to come back to our campus ASAP to ensure our students have a safe, clean environment with proper support from the campus.

2. Indicate how the content of the department/program's latest Efficacy Report and/or current EMP supports this request and how the request is tied to program planning. (*Directly reference the relevant information from your latest Efficacy Report and/or current EMP in your discussion.*)

EMP data shows the overall success of the Athletic Department. Data is not broken down into individual programs. Without proper support and supervision of our student there is a negative impact on student retention and success.

3. Indicate any additional information you want the committee to consider (*for example, regulatory information, compliance, updated efficiency, student success data, planning, etc.*).

Title IX has been stated. There are CCCAA and NCAA regulation SBVC struggles to meet. Some regulations we do not meet at all such as field size, fence heights, safety padding and foul pole markings.

4. What are the consequences of not funding this facilities request?

Unsafe facility, lack of proper academic/athletic support can have a negative impact on our students and the reputation on the college.
