

The Passport to Leadership program offers a series of leadership development workshops throughout the academic year. The program is open to all students who wish to enhance their leadership skills. Students who participate with the program and wish to receive an acknowledgement of completion from the college have the academic year to complete at least 8 workshops.

To receive credit for your participation at a workshop, download the Passport to Leadership Workshop Verification Form from our website (address below).

Students who complete 8 workshops will receive a acknowledgement of completion at the Student Life Awards Ceremony (TBA).
