INTER-CLUB COUNCIL  
MEETING MINUTES  
WEDNESDAY, NOVEMBER 17, 2010 • 3:00 PM  
CC142

3.2. Discussion of Campus Center Room 142 Remodel (Student Organization Director Felipe Contreras).

3.2.1. Director Contreras along with ASG President Damaris Castillo-Torres discussed the remodel of room CC-142.

3.2.2. President Castillo-Torres showed the ICC Reps two plans that were brought to ASG as to what kind of chairs and tables are best suited for this room since this room will be used as a conference room where ASG and Clubs can meet during their meetings and activities. One plan recommended a big long table along the room with professional executive chairs. This plan was created so that the room could look and be more professional. The second plan suggested 4 tables that together will create a big table and stackable chairs. This plan was created for clubs who would want to move tables around during their meetings and if they plan on having an event in this room, they can stack all the chairs and move the tables easier; as well, with this plan about \$4,000 will be saved. With this, the ICC Reps for each club were asked about their thoughts regarding the two plans.

3.2.3. Puente Club stated that they will feel more comfortable with the multiple tables and we'll be able to save more money. Architecture Club suggested that the movable tables are a good idea for the room. Art Club, Comedy Club, GAME Club, and GSA like the flexibility of four tables and it would be less expensive. Valley Bound Club, Campus Crusade for Christ, Voices for Success, Caduceus Club, Cheerleading and Dance Club, Bare Bones Opera Club, and Geography Club all agreed that they would like to see four tables in the room. The GAME Club stressed that the large table plan would be totally inadequate for their club needs and would be of detriment to their club, since 142 is the only room they can currently hold their weekly game days in. GSA expressed concerns about ADA compliance with the large table. Human Services Association, AGS, M.E.Ch.A., Tumaini Club, Computer Science and Computer Engineering had no comment.

3.2.4. Advisor Glasgow stated that we have been asked by Student Government to provide club feedback regarding the remodel, so we will be taking a vote. This is an advisory vote to the Student Government.

**4. Action:** (To ensure timeliness to all participating, each person will be allowed to speak on each item a maximum of two times, for a maximum of two minutes per item. In the interest of time, please try not to repeat what has already been said.)

4.1. Approval of Campus Center Room 142 Remodel (Student Organization Director Felipe Contreras).

4.1.1. Motion to approve four tables, stackable chairs and five executive chairs by Bare Bones Opera Club, seconded by Computer Science and Computer Engineering. Motion passes (20-0-0).
